## WARSAWS FATE BEING DECIDED

Conditions Regarded as Favorable to Poles Since Counter Offensive Was Started

**BATTLE ON 200 MILE FRONT**  
Last Advices Direct From Warsaw Say Defenders Drove Russians Across Bug River

(By United Press.)  
Washington, Aug. 17.—The war is raging around Warsaw with conditions favorable to us," a message to the Polish legation here said today. The cable was sent by the Polish foreign minister. "The general feeling of the troops is growing," the message continued.

"The government remains at Warsaw which will be defended to the last breath."

State department officials today had no indications of the truth of the reports that Russian cavalry patrolmen had entered Warsaw and the report was not generally credited here.

London, Aug. 17.—Warsaw's fate was being decided today in a fierce battle on a front nearly 200 miles long.

The Polish counter attack was believed definitely successful, according to unofficial advices from points in Poland within the sound of the cannonade.

The last direct word from Warsaw was obtained from the communiqué issue late yesterday. This said the Poles had driven the Russians back across the River Bug and that a successful Polish thrust had been carried out.

The Polish counter-offensive is declared to be in full sway at various points, with the soviet forces falling back in confusion.

The official statement says the Bolsheviks had planned to cross the Vistula southeast of Warsaw, in the region of Maciejowice (thirty-five miles from the capital), were forced back. The right wing of the fourth Polish army, in breaking the soviet resistance at Kock (thirty-two miles south of Siedlce), took 200 Russian prisoners and captured some cannon and fourteen machine guns.

Allied officers in Warsaw also report the Russian soviet hold on Warsaw has been broken.

## SIX CHARGES INVOLVE THREE COLORED WOMEN

Mrs. Emma Ferguson and Daughter Are Accused of Provoke and "Severing Fruits of Soil"

### CARTHAGE WOMEN IN COURT

Several cases all involving colored women, were filed today in Squire Stech's court. Mrs. Emma Ferguson and her daughter, Mrs. Sophronia Evans, of East Eighth street, each pleaded not guilty to two charges preferred by a neighbor Mrs. Tillie Mabry. The two charges against each are for provoke and for "unlawfully severing the fruits of the soil, to wit: corn and beans."

Mrs. Ferguson after pleading not guilty, was told to appear for trial on Friday afternoon at one o'clock and her daughter, who also faces two charges, was told to appear on Saturday at one o'clock.

Ida May Winslow of Carthage led two charges, one for profanity and the other for assault and battery, against Carrie Heathcock, also of Carthage. Both of these parties are colored people. An officer was given the two warrants in this case, and arrest was expected to be made late today or in the morning.

### LICENSED TO WED

A marriage license was issued yesterday afternoon to Benjamin H. Grigsby a farmer of this county and Mauzie B. Dement, daughter of Mr. and Mrs. Moses Dement of this county.

## TO SHIP SIX CARS OF HOGS

Dusty Miller Will Have 420 Head on Indianapolis Market Thursday

Clen (Dusty) Miller is shipping six car loads of hogs to Indianapolis this week to be put on the market Thursday and he is hoping that the market will hold steady until he arrives with them. The hogs will be driven to Rushville from his farm and loaded on Pennsylvania freight cars.

There are four hundred and twenty in the drove and all were fed by Mr. Miller. They will average about 225 pounds each and will represent the largest shipment of hogs going out of this county for some time. They will be consigned to the Mansfield Commission company of Indianapolis.

## CASE IS TAKEN UNDER ADVISEMENT BY MAYOR

Charles and Jesse Sorrell Plead Not Guilty Today as Result of Sunday Night Fight

### HARRY BARRETT IS FINED

Charles and Jesse Sorrell were in police court this afternoon on affidavits filed by the city marshal who alleged assault and battery upon Fred Bever, who was mixed in a fight Sunday night about nine o'clock near the corner of First and Main streets. The two men entered pleas of not guilty and a trial before Mayor Irvin ensued, which ended with the matter being taken under advisement.

Harry Barrett was given a hearing last night on an assault and battery charge in connection with the same fight and entered a plea of guilty, on which he paid a fine of \$5 and costs.

Witnesses this afternoon for the state were J. E. Naden, Fred McGinnis, G. P. Hunt, Emerson Hartwell and E. Bowen and Patrolman Pea was the witness for the defense, both defendants standing trial at the same time.

Mayor Irvin stated that he would not return a verdict in the case until after he returned home from a vacation trip on which he leaves in the morning.

## ANTI-SUFFRAGISTS GAIN A VICTORY TODAY

Vote In Tennessee House To Adjourn After Debate Shows Trend of Battle

### 52 TO 45 FOR ADJOURNMENT

(By United Press.)  
Nashville, Tenn., Aug. 17.—The house adjourned late today without taking action on the suffrage amendment. The vote was 52 to 45 for adjournment. The motion was made by Speaker Walker, an anti-ratificationist. The move was interpreted as a point for the anti-suffragists.

The battle got underway when Representative Riddick moved that the house concur in the senate resolution ratifying the federal amendment. The senate resolution was received in the house in the regular order of business.

Riddick gave the names of national and state leaders who favored suffrage, including President Wilson and the presidential candidates, challenging opponent leaders of the opposition. He charged "subtle influence" was in operation against suffrage and said he would be ashamed if suffrage were defeated.

Representative Bayer argued it would degrade women to give them the vote.

"I have nine daughters and eight sons," he said, "and I do not feel those daughters should have the vote."

This brought around of applause. Giving the negroes the vote was the worst thing that ever happened to them, he said.

Representative Canale declared women "should purify American politics."

## MUST COMPLY WITH REGISTRATION LAW

Voters Must Not be Misled And Believe That Their Registration of Two Years Ago is Good

### TWO DAYS ARE ASSIGNED

September 4 and October 4 Are Only Two Days That Men and Women May Register to Vote

From inquiries which have been made during the last few days it is evident that some confusion exists relative to the requirements of the Indiana registration law. Some voters have contended that inasmuch as they registered two years ago it is not necessary that they again enroll. This is an erroneous opinion and it is emphasized that no individual will permit to participate in the November election unless he registers this year.

Indiana does not have a permanent registration law. There has been some talk of such a measure being enacted but the legislature has not passed such an enactment. In order for a voter to be qualified to vote in November he must register either on September 4 or October 4. It is not necessary that he go before the board in his precinct in person to register as he may comply with the law by filling out a blank in advance. But the fact remains that registration is necessary regardless of previous registration.

The amendment to the registration law made by the special session of the legislature broadens it to permit the general distribution of registration blanks. These may be filled and left in the care of any person who will deliver them to the precinct registration place either September 4 or October 4. The law also provides that the blanks may be mailed to the county auditor.

It was discovered that in the preparation of some of the blanks now distributed the feature of the law requiring that each blank be signed by two voters of the precinct in which the registrant resides had been overlooked. Some of the blanks bear only one signature.

The attention of county chairmen will be called to this fact. There is a provision in the law, however, which will permit a registrant to fill out a blank without obtaining the signature of two voters. In such cases, where this can not be done conveniently, the law provides that the registrant may have his applicant sworn to before a notary public.

Although the law provides that the blanks shall be prepared by the county auditor, the state organization

## FINED FOR VIOLATING A MOTOR VEHICLE LAW

Virgil Miller Pleads Guilty to One Charge and The Other One is Dismissed

### AFFIDAVIT FOR SPEEDING

Virgil Miller, who was arrested twice within ten minutes Saturday night by Patrolman Pea, charged in each instance with violating the parking and motor vehicle ordinance in the city pleaded guilty to one charge yesterday afternoon, and by agreement the other charge was dismissed.

Miller at first pleaded not guilty, and after consulting an attorney it was decided to enter a plea of guilty to the charge of turning his automobile around in the middle of a block, and the charge of parking his machine outside the white lines was dismissed. His fine and costs amounted to \$6.00.

Paul Root was fined \$10 and costs amounting in all to \$20 this afternoon in police court on a charge of speeding. The arrest was made upon an affidavit filed by Patrolman Pea, who alleged that Root was driving at least 30 miles an hour through the business section of the city last night about ten o'clock.

## EVERY TEACHER TO BE AFFECTED

Proposed Changes in State Pension Law to be Presented to Next State Legislature

### EXPLAINED BY L. N. HINES

State Superintendent Outlined Proposition Before County Teachers Institute

Every school teacher in Rush county will be affected one way or the other by the proposed changes in the teachers pension law, which were explained briefly by L. N. Hines, state superintendent of public instruction, at the closing session of the Rush county teachers' institute last Friday. A bill incorporating these changes will be drawn up by the state pension board and will be presented to the next session of the Indiana legislature in January, if approved by the teachers of the state. In the meantime, members of the board will present the matter to the teachers of every county.

The bill provides for a new schedule of pension for teachers, allowing \$600 a year for twenty years of service, with a graduated scale up to \$900 for more than twenty-five. It would require the raising of the state's share of the pension money by a state levy and will make the law applicable to all teachers in the state.

The proposed pension law changes are as follows:

1. That it be made state-wide except for cities already working under the special teachers' pension legislation.
2. That it be compulsory on all teachers entering the service of the schools of the state after the law becomes operative.
3. That assessments paid by teachers teaching in the state for five years or less be retained by the fund.
4. That the minimum term of service required for sick or disability benefits be lowered from twenty-five to ten years.
5. That the minimum term on service required for voluntary retirement be lowered from thirty-five to twenty-five years, with annuities adjusted to years of additional service.
6. That an effort be made to hold the teacher's payments about the same as at present.
7. That 4 per cent compound interest be credited by the fund on all assessments paid into the fund by teachers, and that all such payments, when returned to teachers under the law, be returned with

Continued on Page Three

## REPUBLICANS TO FORM AN AUTO DELEGATION

Will Come Here From All Parts of County to go to Connersville For District Rally

### TO BE HELD WED., AUG. 25

Plans are being formulated for Rush county republicans to form an immense automobile squadron and go to the district rally which will be held at Connersville Wednesday, August 25. Letters have been sent to political workers in all parts of the county, urging them to bring a delegation from their neighborhood in machines and Rush county will go as a unit. The machines will be decorated and Rush county will endeavor to make a big showing.

The rally will be held at Roberts park in Connersville, which is ideally situated for such an event, and the principal address will be made by Senator James E. Watson of this city. An effort is being made to get a woman speaker of national reputation and for this reason it is expected that there will be a large delegation of women from this county.

Every county in the district will send a delegation and state and congressional candidates will be present.

## REHEARSALS HELD NIGHTLY

K. of P. Minstrel Will be Given at Annex Sept. 2 and 3

Rehearsals are coming along nicely for the K. of P. minstrel show that will be held in this city on the nights of September 2 and 3, and rehearsals will be held every night this week at 7:30 o'clock at the K. of P. hall, at which time all participants in the show are urged to be present for the practice. James Withers of Greensburg has charge of the show, and two performances will be given in the Graham Annex auditorium, seats being placed on sale some time next week. The show will include a variety of vaudeville.

## COUNTY COUNCIL TO MEET SEPTEMBER 7

Will Take up Estimates For Next Year's Expenses, Which are Put at \$143,380.50

### \$60,000 FOR NEW BRIDGES

It will cost Rush county \$143,380.50 to do business in 1921, according to the estimates of expenses which have been prepared by the various county officials and will be presented to the county council at its annual session Tuesday, September 7, for their consideration.

At that meeting the council will make appropriations for the year. The board will of necessity be in the session for two days because the law provides that the council can not appropriate more than \$15,000 at one day's session. It is customary for the board to agree practically on all of the items the first day and return the second day and pass the appropriations.

The biggest item in the estimates this year is \$60,000 which it is believed will be required for new bridges next year. All the rest of the items are under \$10,000. The bulk of the estimates are to pay the expenses of the county officers. Estimates are also made on the cost of assessing each township.

## TAX BOARD WILL NOT APPROVE BOND ISSUE

Suggests Changes in William Redenbaugh Road Which Officials Say Would be Illegal

### WANTS IT MADE NARROWER

The state board of tax commissioners through Philip Zoercher, a member of the board, has informed the county board of commissioners in a letter received at the auditor's office, that the bond issue for the William Redenbaugh gravel road in Orange township can not be approved until certain changes are made. County officials and attorneys who were consulted in regard to the matter say that it would be illegal to make the changes suggested by the state board, and that if the board will not approve the bond issue as it now stands, the proceedings will have to be started again by filing another petition.

Mr. Zoercher says the board can not O. K. the issue because of the clause regarding the cost of insurance on the bonds and the cost of the sale of the bonds. It is also suggested that the county engineer and contractor arrange to build the road twelve feet wide instead of fourteen and reduce the amount of gravel to be used, if the sanction of the state board is granted. It was pointed out today that the engineer or any other official did not have authority to change the terms of a contract or the plans and specifications. The suggestion to reduce the width of the road was made because the proposed Redenbaugh road connects a Rush county and Shelby county road, each of which are only twelve feet wide.

The remonstrators against the bond issue were heard here last Friday morning by P. T. Tillman, a representative of the state commission.

## WILL ASSIST IN PROSECUTING SPY

Lieut. Arthur M. Kincaid, Former Franklin College Student, Central Figure in War Episode

### COMING BACK TO FRANKLIN

Will go to Chicago to Face German Who Used His Name to Get Army Information

Franklin, Ind., Aug. 17.—Lieut. Arthur M. Kincaid, former Franklin college student, around whose name and ancestry fantastic tales were woven by Theodore Schude, self-confessed German spy while posing as Lieut. Kincaid, will come to Franklin late this week and will go from here to Chicago to assist federal authorities in the prompt prosecution of Schude, it was announced by District Attorney Cline in Chicago.

Lieut. Kincaid, who is at Iowa Park, Texas, this summer working for the Standard Oil company is expected to leave Iowa Park either Tuesday or Wednesday. He will first come to Franklin to check up on certain details of the affair here and then go to Chicago to face the man who through the use of papers and credentials stolen from him in France has been able to keep himself identified with the American army for almost two years and because of whose statements Kincaid's name has been involved in an international mystery-scandal. Kincaid will remain in Chicago as long as he is needed to clear up the muddled records of the War Department concerning the real and the bogus Kincaid and also will return later to be a witness against Schude when the latter is tried on charge of being a spy.

According to a dispatch from San Francisco Schude has made a complete confession of his operations as a spy but little of his statement has been made public. A transcript of his admission is being forwarded to the federal authorities in Chicago and when Schude arrives in Chicago either Tuesday night or Wednesday, District Attorney Cline will begin at once a vigorous investigation of the case. The probe will be pushed to the farthest extent and it is almost certain that Schude faces either execution as a spy or a long prison sentence, if he is convicted on the charges which evidence already in the hands of the authorities involve him.

Because of the fact that there are so many angles to the double mystery of the case it will take some time to fully solve the tangle, but District Attorney Cline declared in Chicago that the entire

## MRS. REBECCA GWINN DIES MONDAY NIGHT

Wife of James M. Gwinn, Age 72, Expires of Dropsical Complications Following Stroke

### FUNERAL WEDNESDAY AT 2:30

Mrs. Rebecca Gwinn, wife of James M. Gwinn, expired last night shortly after eight o'clock at their residence, 110 North Perkins street, following a long illness of dropsical complications, induced by a paralytic stroke which she suffered last January.

The deceased was 72 years of age and was a resident of this city for 43 years. She was a member of the Main Street Christian church. Her physical condition was regarded as very poorly from the time that she suffered the stroke, and her death was not unexpected. Besides the husband, she is survived by two sisters, Mrs. Ninnie Guffin and Miss Maggie Gray, and three brothers John, George and Morton Gray, all of this county.

The funeral services will be held at the late residence Wednesday afternoon at 2:30 o'clock and burial will be made in East Hill cemetery.

## ATTENTION FARMERS

You can't grow hogs without feeding them and we carry the very feeds you want to make them grow, such as Pure Whole Ground Barley, Hominy Hearts, Bran, Tankage and Very Fine Soft Winter Wheat Middlings. A trial of these feeds will make you a permanent customer.

We are now in position to buy your wheat, oats, corn, hay and straw. Call for our prices.

## VALUE OF CULLING AGAIN DEMONSTRATED

Farmers Who Have Not Taken Advantage of Lessons Taught May Still Attend This Week

### THREE YET TO BE GIVEN

The value of poultry culling is being recognized by the farmers of this county, as results from recent demonstrations held under the supervision of the county agent, D. D. Ball reveal many interesting facts, and all who have not had an opportunity of attending one of these demonstrations can yet avail themselves, by attending the three that remain this week.

Yesterday a demonstration was held on the Will Reeves farm in Ripley township, when 30 farmers attended. Forty-six hens were up for inspection, and 25 were culled from the flock. At the farm of George Hines in the same community, 75 people attended and 65 hens were tested, in which 18 were culled from the flock. Twenty-six persons attending the meetings signified their intentions of using the culling methods, which represents 2020 culls.

Interesting data has been obtained from the demonstration held on the Lowell Norris farm on Aug. 6. Here 82 hens were in the flock and 23 culled. Prior to the culling the week before, 108 eggs were obtained, and the week following the culling with 59 hens left in the flock, 112 eggs were obtained, or more eggs without the larger number of hens.

Demonstrations will end this week with afternoon meetings at the home of Alba Hurst in Walker township; Thursday at the Claude Sears farm near Mays, and Friday at the George Hardesty farm in Orange township. All meetings will begin at two o'clock.

### PREMIER DEFIES LABORITES

London, Aug. 17—Laborers' "council of action" formed to dictate to the government as to its handling of the Russian situation was challenged Monday by Premier Lloyd George in the house of commons. He declared the government's Polish policy was unchanged and that any attempt by the "council of action" to strike at the roots of the democratic principals of the government would be resisted by every means he had at his disposal. The laborites threatened to call a general strike if the government made war on the Bolshevik.

A wonderful preparation for turning prematurely grey hair back to its original color. Eradicates dandruff quickly and stops itching scalp.

12 oz. bottle only, price \$1.00

**YOUTH CRAFT**

## SACKS FOR SHIPPING WOOL CLIP ARE HERE

Farmers are Urged to Call at County Agent's Office For Them and Prepare for Storage

### WILL SHIP 25,000 POUNDS

The sacks ordered by the wool committee of the Rush County Farmers' association have been received and are now at the county agent's office in the court house, ready for distribution among the farmers who ordered the sacks. The shipment included 110 sacks, which will hold about a ton of wool. Most of the farmers were supplied with sacks, and only a few ordered them.

It is expected that the county's wool clip will be ready for shipment within a week or so, and all farmers who ordered the sacks should call at once and secure the number asked for. More recent information shows that there will be a total of 25,000 pounds shipped to the warehouse in Chicago for storage, it being an agreement among the wool growers of this county to hold the wool in a pool, until the price became normal. The county wool committee stated that the 25,000 pounds represented 90 percent of the wool clip in Rush county, and that it will fill two box cars, when shipment is made.

### INITIATORY DEGREE

Franklin Lodge No. 35 I. O. O. F. will have the initiatory degree Wednesday evening at eight o'clock. Refreshments will be served. A good attendance is desired.

Roswell, New Mexico, Aug. 13, 1920.  
Friend Joe, Eddie and the Rest:—  
Bethel Ruhlman and Mr. and Mrs. Elmer Griffith got in this (Friday) A. M. at ten. They report some trip and I guess it must have been a fright, some very severe rain storms having delayed them. They have been out 10½ days, but only 8½ days actual driving time. Total mileage 1621; 93 gallons of gas, or an average of 17½ miles to the gallon, and 2 gallons and 3 pints of oil. Total traveling weight of car, including the three passengers, 3565. In some places they made 13 miles in two hours, traveling through mud, and lots of time water over the running board, and a part of the time Bethel wading ahead, up to his knees, to see if the road was solid. You ought to see the car. The way the mud is caked on that car is something awful. They never had one minute's trouble with the car. It never failed them once and they came through on the same air that they left Rushville with, never even replenishing it. That's some tire record as well as Hup record.

tions are taking precaution against any possible shortage and are having additional blanks printed. These are being distributed to the county organizations. The general plan will be to place the blanks in the hands of precinct workers who will see that they are filled and presented to the registration places on the days they are in session.  
One of the chief objections to the 1911 registration law was the limited time given to voters to register. Many voters take little interest in the registration even though it is not possible to vote without registering. It would follow, therefore, that many voters would be barred from the polls on election day if the method of registering was not made more liberal.

DO YOU KNOW THAT RUSH COUNTY HAS WITHIN HER BORDERS ONE OF THE GREATEST COUNTRY CHURCHES IN AMERICA? THAT FOR NINETY YEARS THIS GREAT CHURCH HAS BEEN TRAINING MEN AND WOMEN IN THE ETHICS of Christian Citizenship, making a contribution to our County and Nation of inestimable value? That while statistics indicate the passing of the strictly Rural Church, this Congregation is stronger today than at any time during the many decades of her history? That during the last twelve months a New and Modern Temple of Worship costing with furnishings near Thirty-Five Thousand Dollars has been erected? That this building will be dedicated to the "Worship of Almighty God" on next Lord's Day, August 22, with imposing ceremonies? THE LITTLE FLAT ROCK CHRISTIAN CHURCH INVITES THE GOOD PEOPLE OF RUSH COUNTY TO WITNESS THE DEDICATORY RITES. THE GREAT SERVICE WILL BE AT TEN THIRTY SUNDAY MORNING.

## Comparing Votes

Governor James M. Cox, democratic nominee for president, has been credited with being very popular in Ohio by reason of the fact that he has held office so much, but a comparison of votes, showing the way he has run as compared with Senator Harding's record as a candidate, removes from the mythology from

the table which has been repeated so many times.

Some campaign liars have even gone so far as to circulate the story that Cox has defeated Harding can do it again and some folks have been deluded by it. As a matter of fact, Cox never did defeat Harding. An additional fact is that the only time Cox and Harding ran on the same ticket—in the election of 1914—though they were candidates for different offices—Cox for re-election as governor, and Harding for United States Senator, Harding was elected by a plurality of 102,373, and Cox was defeated by a plurality of 29,270.

Another interesting fact is that Mr. Cox, has never been elected to office in Ohio, or elsewhere for that matter, on purely national issues; and still another is that he has never been elected in a straightway campaign. In each instance that Mr. Cox has won, it has been in an election where there has been a third ticket in the field or a split party, which eased his way into office. And finally, almost invariably, even when elected, he has run behind the rest of his ticket.

These are not mere assertions. There are at hand the official election figures of Ohio, in proof, taken from the office of the Secretary of State. The records cover four campaigns. Let us take them up in order.

Here is the campaign of 1912, in

## MICKIE SAYS:

"GESSIE, WE LIKE TH' BIG ADS AND ARE GLAD TO GET THEM BUT BETWEEN TH' QUARTER-PAGE ONCE IN A WHILE AND TH' LIL AD RIGHT ALONG, GIMME TH' CHAD WHO'S ON TH' JOB WEEK IN AN' WEEK OUT, FER HE'S THE BOY WHO'S GOINTA CARRY TH' BIG OVER-STUFFED ROCKET-BOOK! JUST LIKE THAT LIL RACE THAT TH' RABBIT 'N TH' MUDDTURTLE PULLED OFF!"

which year Mr. Cox was first elected to the governorship. He owed his election that year to the breach in the republican party, due to the organization of the progressives. There were three gubernatorial candidates in the field that year, and here are the results:

Cox, 439,323; Brown, Republican, 272,500; Garford, Progressive, 217,903.

Cox was elected by a plurality of 166,823, but the combined Progressive and Republican vote totaled 490,403, so that Cox became a minority governor by a margin of 51,080 votes.

Then came the election of 1914, when Cox was defeated, this time despite the fact that there were three candidates in the field. The results:

Frank B. Willis, Republican, was elected by a plurality over Cox of 29,270. Garfield, the Progressive, polled 60,904, and the combined Republican and Progressive vote will show how far behind Cox would have been in a straightway fight, Willis polling 523,074 votes, Cox 493,804, and Garfield 60,904.

Next, the campaign of 1916. Wilson pulled Cox through that year in the gubernatorial fight, on the slogan "He Kept Us Out of War". Cox pulled 568,218 votes and Willis 561,602, Cox being elected by a plurality of 6,616, and his plurality ran 82,792 behind the head of his ticket.

Finally we come to the campaign of 1918, Mr. Cox's last appearance before the people of Ohio.

In this election his plurality was 11,944. But for the defection of a block of Republican voters in Hamilton County (Cincinnati), naturally a Republican stronghold, by about 25,000, Willis, the Republican, would have defeated him. A purely local issue in Hamilton was responsible for the overturn, it is asserted.

Candidate Cox has been referring in his speeches to the fact that the war cost the United States more than a million dollars an hour for two years when that is the very thing he should soft-pedal.

John J. McGraw is credited with a statement that he bought four bottles of whiskey at the Lambs club in New York, indicating that some wolves have slipped into the club in disguise.

Villa said that he was in a mood to "embrace his worst enemies", but this remark probably came after he had had several swigs of cognac.

Gov. Cox has nothing on Senator Harding for the senator's chauffeur was arrested in Rushville for speeding not many years back.

Some fellows who think they are buying "white mule" may be fooled when they find they have a "white elephant" on their hands.

If it is hoped farmers' wives will not underestimate the size of the crowd September 17 and not have plenty of fried chicken.

WANTED TO FISH, SO  
ASKED CITIZENSHIP

Portland, Ore., Aug. 17—Conrad C. Madden, 56, after living 40 years in the United States, applied to Circuit Judge W. N. Gatens for citizenship.

But this native of Norway didn't get his papers, for federal examiners testified against him, declaring his only reason for wanting to become a citizen was so he could obtain a fishing license.

Worry is one of the things that keep undertakers busy.

The world is getting bigger than the men who are trying to run it.

The papers pay a good deal of attention to women with a past and men with a future.

Hez Heck's wife says: "Men never amount to much until they get over the itch to be handsome."

It is bad enough to lose your hair and your teeth, but there is still hope if you don't lose your nerve.

\*\*\*\*\*  
Digest of New Laws Passed  
By Special State Legislature  
\*\*\*\*\*

8. Township Road Law.—By inference, the county unit law of 1919 repealed certain provisions of the township road law of 1913 and in order to clear up any ambiguity, an act was passed re-enacting all sections of the township road law which expressly rests the repair of roads in the township trustee.

9. Inter-Urban Railroads, Freight.—In addition to their other powers and duties, interurban railroads are authorized to haul freight over their tracks including those located in cities.

10. High-schools, State Aid.—Acts of 1919 relative to state aid for schools out of the school deficiency fund was so amended as to authorize state aid for not to exceed two high schools in any one township with the approval of the state superintendent of public instruction.

## TO DISCONTINUE MAGAZINE

Washington, August 17—The "famine price of white paper" has forced the American Red Cross to discontinue publication of the Red Cross magazine, an announcement yesterday said. "Further publication would involve either considerable increase in the subscription price or a subsidy from the general funds of the society, which deems either course inexpedient". The October number will be the last issued.

Rushville

## RUSHVILLE ALMOST PREACHERLESS TODAY

L. E. Brown, Who Has Been Holding Down the Job, Leaves For St. Elmo, Illinois

### OTHERS ARE ON VACATION

Rushville is almost preacherless today and will remain so the remainder of the week, every Protestant minister being out of the city. The Rev. L. E. Brown pastor of the Main Street Christian church, has been holding down the job alone here for ten days and today he left with Mrs. Brown and his daughter, Miss Edith Brown, for a few days stay at St. Elmo, Illinois. He had to turn down an offer to deliver two chautauqua lectures in the northern part of Indiana this week because he had already made arrangements for the trip. Mrs. Emma Miller of the United Brethren church is here.

In case of a death in any of the Protestant congregations of the city an outside minister may have to be called in. Prospective brides and bridegrooms will not be in such dire straits because they can utilize the services of the justice of the peace without any inconvenience.

The Rev. J. T. Aiken, pastor of the First United Presbyterian church, is visiting relatives near Pittsburg and the Rev. C. S. Black of the St. Paul's M. E. church, together with his family, are spending their summer vacation at Meyers-town, Pennsylvania. The Rev. G. H. Sheldon, pastor of the First Presbyterian church, and his wife, are visiting relatives in Michigan. The vacancy in the pastorate at the First Baptist church has never been filled.

## COMPLETE LONG AUTO TRIP TO ROSWELL N. M.

Mr. and Mrs. Elmer Griffith Reach Destination After Covering 1,621 Miles in Car

### ENCOUNTER SOME DIFFICULTY

Mr. and Mrs. Elmer Griffith of this city arrived at Roswell, New Mexico at ten o'clock last Friday morning, having driven all the way from Rushville in a machine, according to word received here today. They were on the road ten and a half days, but their actual driving time was only eight and a half days. They covered a distance of 1,621 miles, an average of 17 1/2 miles to the gallon of gasoline, and used two gallons and three pints of oil.

The traveling weight of the car, including three passengers, was 3,565 pounds. The machine was driven by Bethel Ruhlman of this city, who will return by rail, but Mr. and Mrs. Griffith will remain at Roswell for an extended visit with Mr. and Mrs. W. T. Simpson, formerly of this city and Mr. and Mrs. Claude Simpson.

When the Rushville tourists arrived in Roswell, they carried the same air in their tires as when they left the home port. They were delayed considerably by severe rain storms and part of the time traveled through mud and water over the running board. A few times the driver had to walk on ahead in the mud up to his knees to see if the road were solid.

## VETERAN OF WAR EXPIRES

Walter McDaniel, Who Contracted Tuberculosis, is Dead

Funeral services for Walter McDaniel, age twenty-seven years, a hero of the World War, were held Sunday at the home of his parents, Mr. and Mrs. William McDaniel, south of Charlottesville. He contracted tuberculosis during the war and died last Friday.

He was wounded in fighting overseas, losing one leg as a result, and on his return spent much time in government hospitals, being in the Walter Reed Hospital at Washington for nine months. During the war Mr. McDaniel was a member of Company M, 112th infantry, and fought in the battles of Chateau Thierry, Belleau Wood and Hill 104, being hit by shrapnel at the latter place. In addition to his parents, two sisters and five brothers survive.

### CITY FIREMAN NAMED

Glen Downey has accepted position as a member of the fire department, taking the place made vacant by a recent resignation.

Pass this all along the line etc.

Thursday P. M.

### DEAR PETE:

Just blew into Pittsburg to close that N and P purchase. While I was waiting for the contract to be signed who ambles in to the G. M.'s office but President Holt! Asked me if I had a cigarette. Slipped him my "Camel Garage." Remember, he hit the "straight" boys when I met him last year?

Pete, you ought to hear Mr. Holt talk Camels! Gee, I thought I was some Camel spieler. But he went right to the mat with the subject. Say, if I could have shorthanded that line of super-stuff I'd have the job writing Camel ads by noon today!

"Reynolds ought to get a dollar for every Camel cigarette", Mr. Holt declared. "Why, my boy, Camels are simply wonderful," he added. "Don't ever let anybody talk about mild cigarettes compared with Camels! I know! (Get that, Pete). I've proved it to a hundred smokers that Camels are the mellowest and most refreshing cigarette in the world," etc., etc.

Pete, Camels won Mr. Holt like they won me—on their quality! After hearing him cut loose, I felt like saying: "You tell it, old parcel post, I can't express it!"

Pete, I'm hatching an idea about Camels. I'll spill it your direction next time I write! It's what York State folks call a "pip-ing!" And it's ripe!

Yours till the next fire-up.

Shorty.

## NEW OFFICERS ARE HEARTILY WELCOMED

Capt. C. Marks and Lieut. G. Lawton Receive Encouragement on Entering Work Here

### EIGHT RECRUITS FOR WEEK

Large crowds have been attending the meetings welcoming the new Salvation Army officers at the church during the past week.

A fine crowd of soldiers and friends gathered in the church Thursday evening to welcome Captain C. Marks and Lieutenant G. Lawton who have taken over the reins to direct the splendid work left by their predecessors, Captain and Mrs. J. A. Tench.

Saturday night one of the largest crowds in the army's history here gathered around the open air ring and drank in the Gospel message. In spite of the rain Sunday, a good congregation attended each of the three services held. The presence of Ensign and Mrs. Conway from Lafayette as well as a song by the Girls Guards added special interest to the evening service.

Eight is the total number of souls that have sought Christ during the week, the officers announced.

## OBTAIN 27 CONVICTIONS

State Fish and Game Wardens Catch Many Violators in July

State Wardens A. M. Gallion, George Wyatt and W. E. Garbrandt, working under the division of fish and game of the state department of conservation, succeeded in obtaining 27 convictions of persons using seines and nets for illegally taking fish, or for having same in their possession during July, according to announcement by George N. Mannfeld, division chief. The wardens all during July patrolled the Wabash river between Lafayette and Terre Haute.

Seventy-one illegal traps and nets were confiscated and destroyed and splendid progress made toward breaking up a notorious gang of fish pirates, Mr. Mannfeld says.

## YOUTH CRAFT FACE LOTION

A liquid which removes surface wrinkles, and blackheads, clears up "muddy" complexions, and brings back the bloom of youthfulness.

4 oz. bottle, \$1.00  
**THE 99c STORE**

## Save from \$50 to \$100 on Your Clothes

No need to tell you how new clothes are costing these days. One trip through the stores has no doubt already made your heart sick.

Hundreds of Men and Women are realizing they don't have to pay such prices. Everywhere it is becoming fashionable to "make-over" last year's things. Even America's millionaires are doing it—it's patriotic—it helps to pull prices down.

And the saving! Instead of paying \$65.00 to \$125.00, you SAVE that much—and you look just as new, just as stylish if you send them here for "re-juvenation."

## SOCIETY

Mr. and Mrs. D. C. Compton and daughter motored to Flat Rock Cave today to attend the Mullendore reunion. Miss Lavienna Compton is on the program this afternoon to render some readings.

The Woman's Relief Corps will have a call meeting Thursday afternoon in the Grand Army room at the court house. Business of special importance will be transacted at this meeting. All members are requested to be present.

Mr. and Mrs. Raymond Sefton west of the city celebrated their first wedding anniversary Sunday, with a prettily appointed dinner party. The guests were Miss Bess Clark and Ralph Kincaid and Miss Susan Moore and Raymond Miller of Clarksburg.

Mr. and Mrs. James O'neil had as their dinner guests Sunday Mr. and Mrs. Joe McOster and daughter Mattie, Mr. and Mrs. Elmer Kerner of Brownstown, Ind., Mr. and Mrs. Earl O'Neil, daughter Lavin and son James, Mr. and Mrs. Cliff Wiley and daughters Lois Lillian and Frances.

Mr. and Mrs. Hayes Bever and daughter Edna entertained with a six o'clock dinner at their country home Sunday evening. The table was centered with a large bouquet of summer flowers and covers were laid for Mr. and Mrs. Harry Wolff, Elizabeth Horn, Claude Starks, all of Indianapolis, Dallas Bever of Anderson, Louise Sipe, Garrett Ricketts, Stanley Stewart, George Bever and Ed West.

A family dinner was enjoyed Sunday at the home of Mr. and Mrs. James K. Posey and son John, honoring their son and wife, Mr. and Mrs. William Posey who were recently married. The centerpiece for the table was a beautiful bouquet of cut flowers. Covers were laid for Mr. and Mrs. Lowell Beach and son Sabert, Miss Jennie Megee of Arlington, Mr. and Mrs. Russel Six and son Posey of near Carthage, Mrs. Alta Posey and Mr. and Mrs. Ben Gardner and daughters Irene, Marie and Ella James of Rushville.

Mr. and Mrs. D. M. Hilligoss entertained several members of the Ivy Temple, No. 10, Pythian Sisters, last evening at their home southwest of the city with a pitch-in supper. Music, dancing and card playing were the amusements for the evening. The guests were Mr. and Mrs. A. W. Wilkinson and family, Mr. and Mrs. S. A. Wilkinson, Mrs. Willard Brown, Mr. and Mrs. Leon McDaniel and daughter, the Misses Anna and Mary Worthington, Mrs. John Finley and daughter Fern, Mrs. Mary A. Brown, Mrs. Sarah McBride, Mr. and Mrs. O. P. Wamsley and daughter Katherine, Mrs. Charles Brown, Mr. and Mrs. Will Trenepohl, Mr. and Mrs. Fred Beale and daughters, Mr. and Mrs. Ed Beer, J. T. Turner, Mr. and Mrs. Elsa Hilligoss and family and Miss Gladys Cregar.

A delightful pitch-in dinner was given Sunday at the home of Mr. and Mrs. James Warfield and daughter, who are to move soon from the James Cross farm to the Power and Jay farm north of Rushville. The following guests were present:

The Rev. E. S. Lewis and family of Clarksburg, Mr. and Mrs. Edd Miller, Mr. and Mrs. U. S. Newhouse and family, Mr. and Mrs. Charles Lewark and family, Mr. and Mrs. Earl Tweedy and family, Mr. and Mrs. Willie Ward and family, Mr. and Mrs. L. W. Ward and family, Mr. and Mrs. Henry Addison and family, Mr. and Mrs. Elmer Porter, Mr. and Mrs. J. R. Dearing, Mr. and Mrs. Virgil Junkin, Mr. and Mrs. George C. Adams, Mr. and Mrs. O. O. Leisure, Mr. and Mrs. Gurney Earnest and son, Mr. and Mrs. Jap Northam and daughter, Mr. and Mrs. Aaron Myers and family, Mr. and Mrs. Alva Newhouse, Mr. and Mrs. John Lucas, Mr. and Mrs. Samuel Addison and son, Mr. and Mrs. Gilbert Cooley and family Mr. and Mrs. Earl Kennedy and daughter, Mr. and Mrs. John Warfield and daughter, Mrs. Martha David, Miss LaVonne Lucas and Donald Priest, Miss Nellie Irvin and Ray Lucas, Miss Stella Irvin and Omer Cooley, Miss Opal Linville and Forrest Moore, Miss Florence Warfield and Loren Woods, Miss Marie Gatewood, Miss May Haywood, William Warfield, George Moore and Herschel Newhouse.

Big Pineapples in Peru. In Peru pineapples grow to the weight of 20 pounds.

## PRACTICE LARCENCY FOR LOVE OF THE GAME

"Fascination of 'Getting Away With It' Cause Women to be Shoplifters," Says Mrs. Burnside

### MANY OF THEM ARE WEALTHY

Indianapolis, Ind., Aug. 17.—Women practice shoplifting and larceny for the love of "the game", in the opinion of Miss Clara Burnside, superintendent of the Indianapolis police women.

Few of them steal for profit, she said. A majority of the shoplifters are women in comfortable financial circumstances and many of them are wealthy.

"Fascination and excitement of 'getting away with it' cause the majority of women shoplifters to take articles from stores," Miss Burnside said.

"Many of them try to convince me they are kleptomaniacs, but it is evident they are not, because they don't repeat the same offense."

It takes a woman to catch a woman shoplifting, Miss Burnside asserted. The women can mingle with the women shoppers unnoticed, where a man would be conspicuous.

Most of the women apprehended range from fifty to seventy years of age. In some circumstances, however, highly educated young women have been caught, who declared they steal because they want fine clothing and do not want to work.

## Amusements

### Last Time For "Crooked Streets"

Tonight will be the last showing of "Crooked Streets", in which Ethel Clayton has the leading role, at the New Princess, and tomorrow Mary Miles Minter will be seen in "Judy of Rogues' Harbor", adapted from the novel of the same name by Grace Miller White. Pathe News will also be shown Wednesday.

Scenes of unusual interest and keen moment are depicted in Mary Miles Minter's latest release. The power to compel a would-be murderer to prepare a grave for his supposed victim is portrayed in a manner that makes the audience gasp and then laugh at the ingenuity of the heroine's plan to save her Denny from the cruel and inhuman treatment meted out to him by the assailant "Judy of Rogues' Harbor" is a photo-drama that is interesting, compelling from start to finish.

The story of "Crooked Streets" is laid in Shanghai and a quaint bit of the native quarter of that "Paris of the East" was erected on the banks of the Famous Players-Lasky studio tank in Hollywood. On the surface of the water floated sundry junkies and other Chinese small craft, while strange, barbaric dwellings were reared on the land. The quay was peopled with native dignitaries, coolies and alien sailors.

Another scene represented a street in the European portion of the city and 'rickshaws mingled with motors and almond-eyed men and woman with richly clad tourists. It was not such a difficult feat to secure "extras", as southern California is plentifully peopled with Chinese, but where the 'rickshaws, all genuine, and other "props" came from is a mystery.

Through all this Celestial confusion, pretty Miss Clayton moved undismayed. Having but recently returned from a long vacation spent in the Orient, the star is well acquainted with China, even when it springs up over night in California.

## FUNERAL IS HELD TODAY

Services For Mrs. Samantha Inlow in Orange Township

The funeral services for Mrs. Samantha J. Inlow, aged 73 years who died Sunday afternoon at three o'clock at her late home in Orange township, were conducted this afternoon at 2 o'clock at the late residence. The Rev. James L. Brown officiated at the services and burial was made in the Mt. Garrison cemetery.

The deceased expired following an illness of two years from paralysis which developed uraemic poisoning, causing her death. She spent practically all of her life in Orange township, and was a member of the U. B. church. She is survived by one brother, Frank Meal of Morristown, her husband having been dead for several years.

## \$15,000 RAISED ON TABERNACLE

Sum Pledged at Dedication of New Auditorium at Winona Will be Used to Complete it

### SUNDAY PREACHES SERMON

Famous Evangelist Says Great Hope For Christianity is in Work—Too Many Try to Dodge It

Winona Lake, Ind., Aug. 17.—About \$15,000 in money and pledges was collected in the offering preceding the dedication of the new Winona Lake tabernacle. This money will be used in completing the big tabernacle, which is declared by Rev. "Billy" Sunday to be the greatest of its kind in the entire United States. The auditorium contains permanent seats for 8,000 persons, and has a stage which will seat a choir of 1500.

The Rev. "Billy" Sunday preached the dedicatory sermon after the dedication ceremony which was conducted by Dr. Sol C. Dickey, general secretary of Winona Assembly and Bible Conference, W. P. Carmichael, of St. Louis, president, Dr. Ira Landrith, of Chicago, vice president, Dr. G. Campbell Morgan and Dr. Samuel Chadwick, of London.

"The religion of Jesus Christ is like smallpox, it's catching", declared Sunday in his appeal to the unsaved. "Some persons come to church and pray and then go away and cheat someone in their business."

"There is a growing love for pleasures. The world is crazy for amusement. The movie theaters are packed while preachers are preaching to varnished pews. While the amusement halls are packed a few old sanctified friends come out to prayer meeting."

"The great hope for Christianity is in work. Too many people are trying to dodge it. Most people are saying, 'Oh Lord, how can I escape work and pass the buck to someone else. Time lost can never be salvaged. Some of the worst people I know are in the church. They are caruncles on the hull of salvation'."

"Many mothers have their knees under a card table when they should be down on their knees praying. The trouble with religion today is that there are too many compromises in the church. Many preachers think their duty ends when they finish their sermon."

"After God finished making the rattle-snake and the polecat, he had a little of that awful substance left, so he made the knocker, the human being with the cork screwed soul. If you must criticize, do it by creating something, not by finding fault."

Referring to the great World War and America's participation, Sunday said, "Wilson didn't lead us into war. We just had to go in or confess that we were a lot of bluffers. The allies were fighting for ideals for which we had been standing for 140 years, and it was up to the United States to take a hand or confess that she was only bluffing."

### REVIVAL OPENS

A revival opened at the Church of God, corner of Ninth and Oliver streets, last night, the pastor, E. A. Ball, being assisted by M. P. Rimmer of Indianapolis, who is said to be a successful evangelist. He has held meetings in several states, it is stated with great success. Services will be held every night at 7:30 o'clock.

After you eat—always use **EATONIC** FOR YOUR STOMACH'S SAKE. —one or two tablets—eat like candy. Instantly relieves Heartburn, Bloating, Gassy Feeling. Stops indigestion, food souring, repeating, headache and the many miseries caused by

Whips into such a lather and is such a skin food, that women massage with it.

Large Tube, 35 cents

### THE 99c STORE

## LEGISLATIVE COST HAS BEEN LOWERED

Official Data Shows Republican Sessions Cost Less Than All Democratic Sessions

### INCLUDES 2 EXTRA SESSIONS.

Democratic Session of 1913 Cost 35,807 More Than Republican Sessions of 1919 and 1920.

Indianapolis, Ind., Aug. 17.—Official figures have been compiled here by members of the Indiana house of representatives, showing that the Republican sessions, including the two brief special sessions of 1920 have cost much less than the sessions of the preceding administration under Democratic control. This is true, the figures show, despite the increased cost of materials and supplies, such as printing and similar items which has prevailed during the war and during the Republican sessions of 1917, 1919, and 1920.

With the Republican majority in control in both houses the sessions of the last four years have given particular attention to the matter of paring down expenses and in economizing in every measure possible.

The figures, which were made public by Representative John L. Benedict, of Indianapolis, representative for Marion county, show that the last two Republican sessions, including the special sessions, cost \$44,757.49 less than the last two Democratic sessions—those of 1913 and 1915.

Expenditures by the last five legislatures are shown in the following table. It is interesting to note that the Democratic session of 1913 cost the taxpayers of the state \$35,807.15 more than the Republican sessions of 1919 and 1920. The profligacy of the 1913 Democratic legislature holds the record for reckless spending by legislatures in this state.

Session	Expenses	Party
1911	\$129,854.97	Dem.
1913	\$162,507.57	Dem.
1915	\$112,472.53	Dem.
1917	\$103,522.19	Rep.
1919 Regular	\$96,700.52	
1920 Jan. Spl.	*10,000	
July Spl.	20,000	

\*The special session of January 1920, was called for the single purpose of ratifying the nineteenth federal amendment, to give women of the nation the full rights of suffrage.

Philosophy. If I live another couple of years I ought to be able to hold out for the rest of my life.—Christiania Tyrians.

## WILL ASSIST IN PROSECUTING SPY

Continued from Page One resources of the federal organization would be used if necessary to get at the bottom of the case and discover what motives have prompted Schude's activities. An effort will be made to check up on his story of having shot his father in Germany and the federal officials through the U. S. secret service also will, especially try to ascertain what information Schude has imparted to the German government. His operations in this country indicate that Germany has not abandoned her elaborate spy system even though her military forces were crushed in the great war.

Records of the adjutant general's office in Washington, D. C. show that Schude under the name of Lt. Arthur Kincaid arrived in the United States August 4, 1919, the same day the real Lieut. Kincaid left Brest on the steamship Northern Pacific for Hoboken, N. J. Schude had previously obtained possession of Kincaid's identification records after they had been stolen by some unknown person from Kincaid near Beaune University, France.

The records of the Fort Sheridan hospital, the report continues, were to the effect that this officer was reported as needing no further hospital treatment on December 4, 1919. And his discharge was therefore authorized and was executed, Dec. 19, 1919.

Schude, as Kincaid, the report further declares, was notified of his discharge December 15 and given the necessary clearance papers by the personnel adjutant at Ft. Sheridan. He was, according to this report, paid by the finance officer for the months of January, 1919 to November, 1919 the amount of \$1,668.89.

Within a few days afterwards Schude, under the name of Arthur LaGrange enlisted as a private and was transferred to San Francisco but the War Department lost all trace of him as Arthur Kincaid until his bunk buddy discovered in his bunk at San Francisco a copy of the Franklin Star and other papers which were in the real Lieut. Kincaid's bag when it was stolen in France. Among Schude's papers were several documents written in German and addressed to him as an officer in the German censorship department.

### MINISTER CALLED AWAY

The services scheduled for tonight at the Primitive Baptist church, when Elder W. C. Arnold of Carmi, Ill., was to deliver a sermon, was unexpectedly postponed, on account of other arrangements of Elder Arnold. He preached here last night, but was called to Ohio this morning.

## BEAR OIL For Your Hair

You never saw a bald Indian—They don't use perfumed lotions. For ages they used bear oil, with other potent ingredients from the fields, moors and forests of Nature. A reliable formula is KATALKO. Indians' elixir for hair and scalp. Astonishing success in overcoming DANDRUFF, stopping FALLING HAIR, and inducing NEW GROWTH in many cases when all else failed. Investigate. \$50. money-refund guarantee. For men, women, children. Keep this advertisement. Show others. Positively wonderful. Buy KATALKO at the drug store; or send 10 cents (silver or stamps) for proof box and guarantee, to John Hart Brittain, Sta. F, New York.

## WATSON IS PRAISED BY SEN. HARDING

Informs Mayor Jewett of Indianapolis That Indiana Must Elect The Republican Senator

JEWETT PLEDGES SUPPORT

Says He Will See to it That Marion County Gives Plurality For James E. Watson

Indianapolis, Ind. Aug. 17.—"It is vitally important that Indiana elect a Republican to the United States Senate", declared Warren G. Harding to Mayor Jewett when the Indianapolis mayor met the presidential nominee in his home at Marion, Ohio.

"For team work in government the country should have a Republican Congress as well as a Republican President", continued Mr. Harding. "Indiana is fortunate in having in the Senate a man so well qualified by legislative experience and native ability as Jim Watson and his reelection should be cinched by rolling up the biggest possible plurality. Senator Watson and Senator New have co-operated in their work at Washington and no state has been more ably represented there. Watson is the candidate this year and I must earnestly hope that he be returned to the Senate. The Republicans, I feel certain, will increase their representation in the Senate and gain a clear working majority".

Mayor Jewett has already stripped off his coat, rolled up his sleeves and started to work for a big Jim Watson plurality in Marion County. "Indiana will not fall down but will return a Republican Senator to Washington," declared Jewett. "A Republican President will step into the White House next March and when he does there must be a Republican Senate and a Republican House of representatives to make certain of co-operation between the legislative and executive branches of the government".

Mayor Jewett, like Senator Watson, voted for Wood on every ballot even including the tenth or nominating ballot, but a close-up acquaintance with Harding that came from their recent visit together at Harding's home has caused him to become a Harding enthusiast.

"Will Hays was right when he declared that Harding is a strong man with his eyes ahead but with his feet standing on solid ground", said Jewett.

Warren Harding and Warren Mc Cray are mutual admirers and Mr. Harding was highly pleased when Mayor Jewett told him that "McCray will be elected Governor of Indiana by a plurality that will be tremendously big".

## PROSPECTS GOOD FOR LARGE PEACH YIELD

Trees in Johnson, Morgan and Brown Counties are Heavily Loaded, Says F. Wallace.

ONLY A FAIR APPLE CROP

Indianapolis, Ind., Aug. 17.—The greater number of peach trees in Johnson, Morgan and Brown counties are heavily loaded and prospects are unusual for an abundant yield, according to Frank N. Wallace entomologist for the state conservation department. Mr. Wallace returned recently from a tour of inspection in this district.

"The fruit is cleaner and appears less affected by insect pests this year than in a number of years," Mr. Wallace says. "So far very little brown rot has shown up and only a small percent of the fruit is scarred he says. He found prospects only fair for an apple crop and in even the best cared for orchards there is considerable scab."

Peach trees in this locality were hard hit by the severe cold and freeze in the winter of 1918, Mr. Wallace learned. In many instances he found the annual wood growth of 1917 killed and much of it now appears as diseased rings which are decaying.

Where wheat thrashing will be delayed many farmers in Brown and Morgan counties have stacked their wheat, following advice of the state entomologist given a short time ago, and thus will avoid probable loss to the grain from rain. Wheat yields are remarkable in this locality and several stands thrashed 40 and 42 bushels per acre.

The sun dial was the earliest time-piece.

# Are the Best Tires too good for the Small Car Owner

EVERYBODY agrees that it is generally desirable for merchandise to be graded.

A good principle that often comes out at the wrong end for the car owner—the man with the upkeep on his mind—the tire bills to pay.

He feels that tire economy should be a *personal contract with the tire-user*. Not a transaction with his car, whether it be big or small.

Reasoning tires in human terms instead of trade custom has written this policy for the United States Rubber Company—

Build all tires to one

standard and let the tire user choose his own size.

When the oldest and largest rubber manufacturing concern in the world focuses all its resources upon *one* grade, *one* quality, it makes *one* client—and that is the *whole public*.

This single ideal is visible in any U. S. Tire factory, at any U. S. distributing branch, in any U. S. dealer's store.

Seeing that the tire-user gets his *economy mileage* along with an *unlimited guarantee*.

Policies are harder to make than tires.

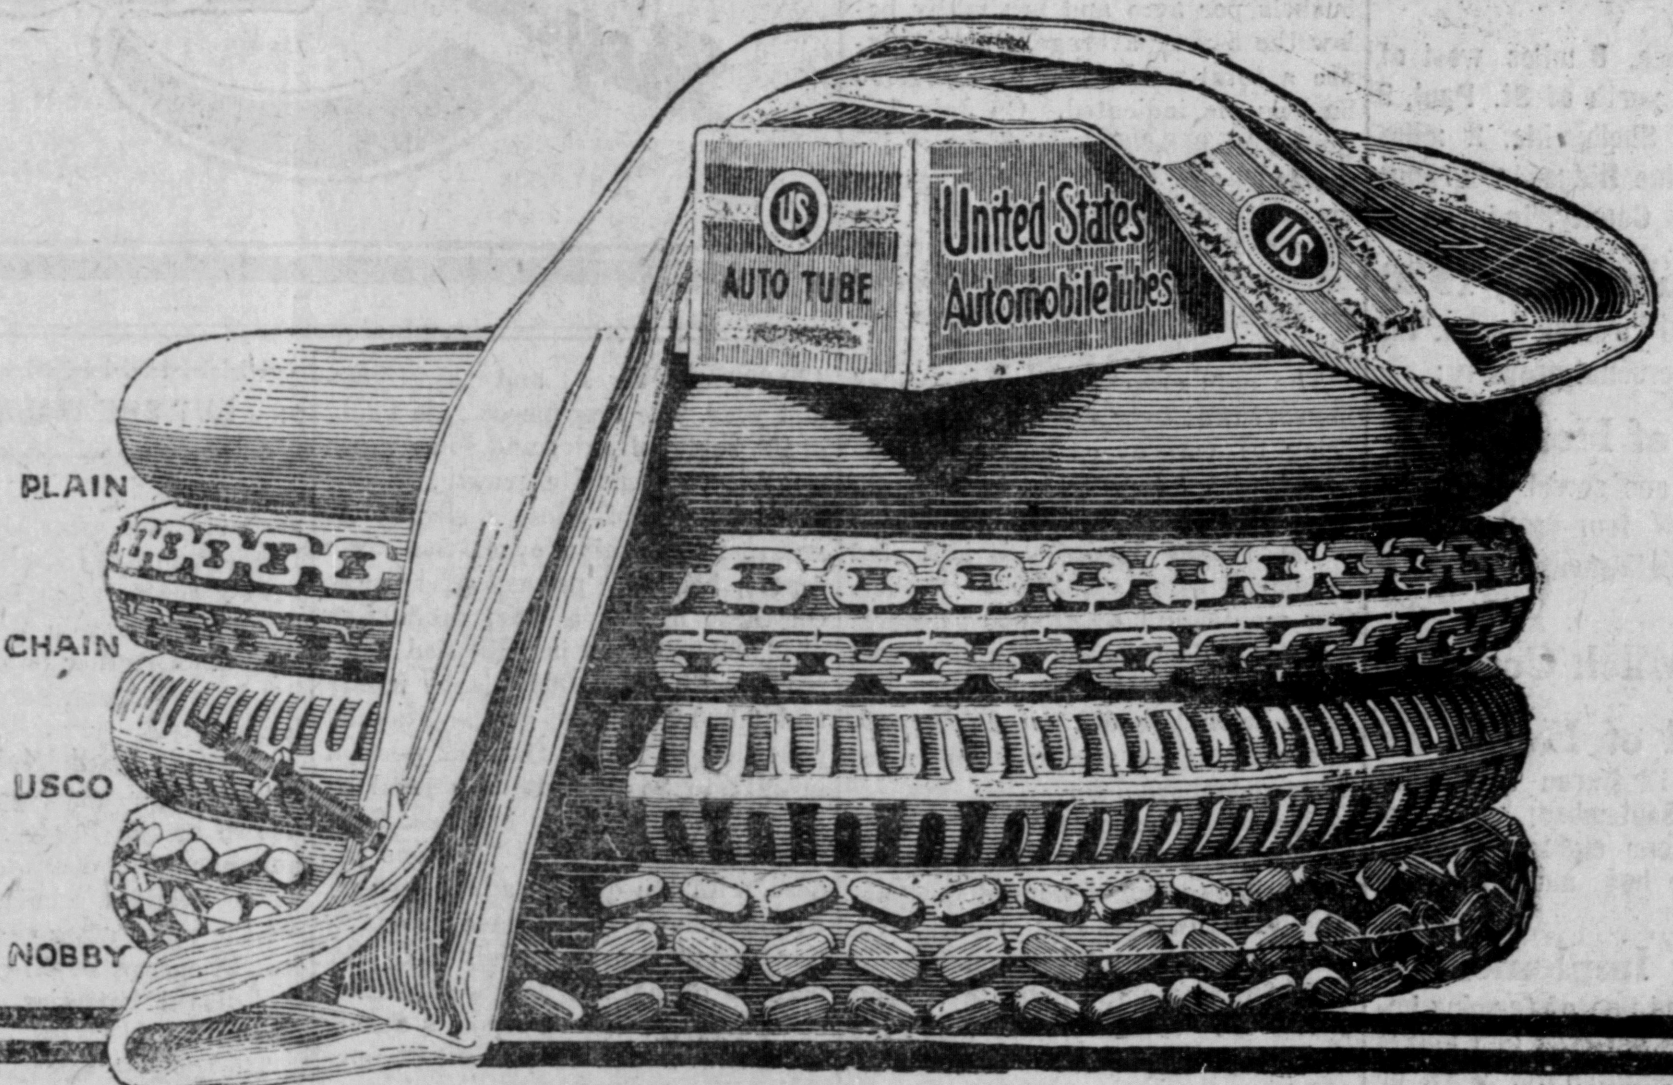

Probably the deepest reason why U. S. demand keeps always ahead of the number of tires the U. S. makers can supply.

## BOY MUSICIANS TOUR EAST ON VACATION

Kinston, N. C., August 17.—What is pronounced here as a unique vacation project has been undertaken by 28 members of the town's juvenile band. The boys will journey on a vacation and sightseeing trip to Washington, Baltimore, Philadelphia and New York, stopping at several cities enroute to give concerts, the proceeds of which will be used to defray traveling expenses.

Full camping equipment including tents and mess kits will be carried, for the boys will seek to bring down costs to the minimum. A colored

chef from this section will accompany the youthful bandmen.

The oldest member of the party, with the exception of the band leader and instructor, is 18 and the youngest 13. The uniforms are of blue piped with broad gold stripes. The drum major will wear a red and black fur busbee and carry a shiny baton.

## CORN CONDITION IN STATE IS GOOD

Co-operative Crop Reporting Service For Indiana Makes Official Report Today

### OATS SHOWS IMPROVEMENT

Average Yield of Winter Wheat is 12 Bu. Per Acre and is Lowest Since 1916

Corn and oats in Indiana show a decided improvement in condition over a month ago. For the former an increase of more than 8,000,000 bushels is shown and for the latter 7,600,000 bushels according to the official report of the co-operative crop reporting service for Indiana issued today. The report follows:

The condition of corn generally throughout the state is very good although some fields have tassled out on stalk not more than two feet high and cannot possibly make a crop of any kind. The average of the figures as reported by correspondents is 86 percent of normal and indicates a total production at this time of 177,924,000 bushels as compared with 169,836,000 bushels shown for July 1, and 175,750,000 bushels last year. The weather has been excellent for the development of the stalk but not warm enough to start the ears. Some fields on sandy soils have begun to fire, but rains since the first of the month have helped them very materially. Cinch bugs are very plentiful in some localities. It will need a late fall to develop the crop in good condition.

The average yield of winter wheat is 12 bushels per acre and is the lowest since 1916, when it was 11.5 bushels. On this figure a total production of 20,460,000 bushels is indicated. No threshing had been done in some localities and it is possible that later returns will charge this amount. Last month's estimate was 20,664,000 bushels and last year's crop amounted to 45,792,000 bushels. Where the yields were the heaviest the quality was the best. For the whole state the quality is 87 percent or between No. 2 and No. 3 grade.

The spring wheat condition shows an increase of 5 points over the July 1 condition and is now reported at 70 percent of normal. This figure indicates a total production of 51,000 bushels compared with 45,000 bushels reported in July and 228,000 bushels last year.

The average yield for rye is 14 bushels per acre and is slightly below the 5-year average. On this figure a total production of 3,788,000 bushels is indicated. On July 1 a crop of 5,058,000 bushels was indicated and last year's crop amounted to 5,320,000 bushels. Later reports may change the August forecast as many localities reported no threshing done at the time of reporting.

The oats crop shows a decided improvement over the July 1 report, being 91 percent of normal, compared with 82 percent last month. On these figures a total production of 69,471,000 bushels is indicated compared with 61,837,000 bushels last month and 60,225,000 bushels last year. Early sown oats filled well and are exceptionally heavy, but those sown late did not do so well. The crop varies greatly even in the same neighborhoods.

The barley crop also shows some improvement over the July 1 report, being 86 percent of normal compared with 82 percent last month. On these figures a total production of 1,613,000 bushels is indicated. Last month the estimate was 1,504,000 bushels and last year it was 1,430,000 bushels. The crop this year was exceptionally good in all sections of the state except in the extreme northeast corner.

The buckwheat acreage remains the same as for last year, 14,000 acres. The condition July 1 was 48 percent of normal. From this figure a total production of 235,000 bushels is indicated compared with 231,000 bushels last year.

White potatoes show a decline of 6 points over the July 1 condition, being 80 percent of normal. This figure indicates a total production of 7,704,000 bushels compared with 4,400,000 bushels last year. Vine rot and wilt have attacked many patches, especially where the seed was not carefully selected.

Sweet potatoes also show a decline of 5 points during the month, being 86 percent of normal. This figure indicates a total production of 330,000 bushels compared with 315,000 bushels last year.

The condition of tobacco August 1 was 84 percent of normal and indicates a total production of 17,141,000 pounds, compared with 16,432,000 on July 1 and 15,215,000 last year. The crop needs rain badly in the barley district and some warm weather to stimulate growth.

All hay crops show a slight increase in condition over the July report, being 87 percent of normal. On these figures a total production of 2,909,000 tons is indicated compared with 2,832,000 last month and 3,080,000 last year. Timothy condition increased from 82 percent in July to 88 percent of normal on August 1. Clover hay has been harvested and the yield is 1.25 tons per acre, with the quality at 89 percent. Alfalfa shows an increase in condition from 89 percent July 1 to 92 percent of normal August 1. Millet shows an increase of 3 points during the month and is 84 percent of normal.

Kafirs, peas and beans remain about the same as last month. Truck crops show a slight decline, but hardly enough to be worth mentioning. Watermelons show no change, but the condition of cantaloupes increased 2 points.

Apples and peaches show a decline of 4 points during the month, while pears and grapes each show an increase of 1 point. The condition figures for these crops, compared with normal are as follows: Apples, 62 percent; peaches, 78 percent; pears, 79 percent and grapes, 90 percent. The total production of apples is estimated at 5,420,000 bushels, peaches, 931,000 bushels and pears, 640,000 bushels.

Sugar beets and sorghum cane remain about as last month.

### POWER OVER BOND ISSUES

Indianapolis, Ind., Aug. 17.—State tax commissioners may retain the power to authorize bond issues pending the return of this power to local taxing units, Attorney General Eli Stansbury ruled Monday.

## That office boy was a good picker

IT WAS my busy day.  
AND I told the boy,  
I COULD not see.  
ANY VISITORS.  
AND HE popped back.  
AND SAID there was,  
A GENTLEMAN outside,  
WHO WISHED to see me.  
AND I said "No."  
BUT I guess the boy  
IS LIKE my wife,  
AND DOESN'T know,  
WHO'S BOSS.  
FOR BACK he comes,  
AND SAYS the man  
WANTS JUST a word.  
AND I told the boy,  
I COULD tell the man,  
JUST WHERE to go.  
IN JUST three words,  
BUT THE boy came back.  
AND SAID the man  
COULD SPOT me one.  
HIS BUSINESS needed,  
JUST TWO words,  
AND I'M a sport.  
AND CURIOUS too.  
SO IN he came,  
AND HANDED me,  
SOME CIGARETTES to try.  
AND SAID "They Satisfy."  
AND I will state,  
HE SAID something

"THEY SATISFY"—that says it. Never were finer tobaccos used in any cigarette and never were tobaccos more carefully and skillfully blended. Chesterfields give you all that any cigarette could give, plus a "satisfy" quality that is exclusively theirs. The blend can't be copied.

*They Satisfy* **Chesterfield**  
CIGARETTES  
*Liggett & Myers Tobacco Co.*

### BUT SHE WASN'T DEAD

Brussels, (By Mail).—German sarcastic wit after she had invaded Belgium in 1914 was brought to light recently when Belgian commissioners working in Germany discovered among other papers the following heavy black-bordered circular letter:

#### Death Notice

The undersigned gang of thieves, known as the Triple Entente, hereby announce the death of their foster sister Belgium, who has been wiped off the map, after very little suffering, by means of 42-centimetre guns and naval batteries, after the fall of Antwerp.

The mortal remains will be consigned to eternal rest by the allied brethren, Germany and Austria.

(Signed) The Mourners,  
Russia, England and France,  
Europe, October, 1914.

(Pray for the repose of her soul!)  
(The floral mementoes will be sold for the benefit of Japan.)

### TRAINED NURSE ADVISES PEOPLE

"I was a great sufferer of stomach and liver trouble and cannot say enough in praise of Mayr's Wonderful Remedy. It has done so much for me and I am recommending it to other sufferers. I was a trained nurse in Marine and other hospitals years ago, therefore many come to me for advice. I certainly received great benefit from Mayr's Wonderful Remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere.—(Adv.)

## Thousands of Cases of Dyspepsia—

BUT ONLY ONE

# PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEP-SINCO fail. But why not consider the recommendation of thousands of people who have used PEP-SINCO, on the basis of their belief in it. Try it yourself; we are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEP-SINCO to-day.

Ask your druggist—he sells and recommends Pepsinco.

# MORE JOB HUNTERS THAN JOBS FOUND

Office Workers And Clerical Men Feeling Pinch of Summer Depression According to Smith

## SHIRKERS BEING WEEDED OUT

Many Attend Convention of the National Association of Technical and Educational Agencies

(By United Press.)  
Chicago, Ill., Aug. 17.—Office workers and clerical men are feeling the pinch of the summer depression in business, according to F. M. Smith, attending the convention of the National Association of Technical, Educational, and Commercial Employment Agencies which opened here today.

"White collar workers have not the grasp on their jobs they had six months ago; office managers are wielding the axe unsparingly, and shirkers and incompetents especially are being weeded out," he declared. "In times of depression the banks sense the emergency first and act by cutting down on credit to business concerns. In the mercantile world there follow special sales and bargain offers, efforts to obtain quick money. Supplementing this comes a campaign for the reduction of operating expenses, and blue envelopes to white collar men become common. Such a condition exists at present."

David Hallinan, secretary of the Illinois Employment Agency association, stated that the return of large numbers of clerical workers from Washington, D. C., to their former localities has resulted in an oversupply of applicants for positions.

"Furthermore," he declared, "salaries for office jobs are on the decline, especially where applicants are assured that the positions are permanent."

Sixty delegates, representing employment agencies from all parts of the United States convened here today at the LaSalle Hotel in their third annual convention. Jas. F. Ellis of Minneapolis presiding. Industrial situations affecting employment throughout the country were discussed. Laws conducive to the upbuilding of legitimate employment agencies were advocated by speakers. A plan for combatting legal measures adverse to the business was adopted. It was declared that government supervision over the activities of employment agencies had resulted in doing away largely with employment "sharks." The convention will be in session daily throughout the week.

## WANTED

Students, age 19 or over, with Eighth grade education or better for Power Laundry Course. A cooperative system of education; the student earns while he learns. Fitted after two years training for a job at a fair salary in profitable and established trade with excellent opportunity for rapid advancement. First-class living conditions while training with a wage that is partly self-supporting. Address Ohio Mechanics Institute, Cincinnati, Ohio.

## LOOK FOR SALE

People with cars can get Alberta peaches and all other kinds for canning by coming to my orchard 10 miles west of Columbus, one half mile west of Mt. Liberty. 132t1 WOOD the Peach King.

## CARD OF THANKS

We desire to thank our friends, neighbors and citizens of Rushville for the kindness shown us during the sickness and death of our dear Husband and Father, Herman Kennedy, this kindness will never be forgotten by us.

132t1 WIFE & CHILDREN.

## Mobile Co., Alabama

Down where one is not troubled with catarrh, colds or rheumatism. The climate is simply ideal. No sudden changes. Good location for a dairy or stock farm. Crops grown are corn, cane, Irish and sweet potatoes, beans, peas, etc. I have 1,396 acres improved and unimproved farms of 40 acres up within 15 miles of Mobile that I will sell on reasonable terms.

FOR SALE—Some young white rabbits. Nice for children's pets. 1038 N. Perkins St. Errol J. Stoops. Phone 1717.

# Garden Beauty Most Anyone Can Afford

Look about as you walk or drive through a residential district and note the attractive places. It isn't the "finest" homes by any means that catch your eye. More often it is the well kept yard, the shrubbery, the trimmed trees and flower beds.

And then when you see in combination with these, a neat fence, an arbor, a pergola and a bird house—you exclaim: "What a picture."

The wonder of it is that more folks don't have these tasty little garden features. There's nothing cooler and better looking. And the cost! You'll be surprised how reasonable it is.

We'll take just as much interest in supplying you with the lumber for these little improvements as if you were buying materials for a house. We can make some interesting suggestions.

# CAPITOL LUMBER CO.

TELEPHONE 2127

# PUBLIC SALE

I will sell at Public Auction at Homer on **FRIDAY, AUG. 20**

at 10 o'clock, the following personal property:

# 5 Head of Horses 5

# Hopes Every One Will Take Advice And Try Trutona

Evansville Woman Says Others Should Use Perfect Tonic as it Will Help Them

Evansville, Ind., Aug. 16—"I hope every one who is in need of a good tonic, will hear about Trutona, and try it," Mrs. Paul Vittelow, a well-known Evansville woman, who lives at 620 Walnut Street, told a Trutona Representative recently.

"Trutona has made me feel like a new woman," Mrs. Vittelow continued, "after I'd been in a nervous and run-down condition for the past several months. I've been so nervous and felt so draggy, and tired out, that I've not felt like attending to my household duties. I was very restless at night."

"But I feel 100 percent better in every way, since I've taken Trutona. This wonderful medicine has improved me remarkably, in the past ten days. I did my own washing, and a big one, too, last week, and yet I didn't feel 'all in', as I would have before I took Trutona. My former nervousness has vanished entirely, and I'm able to rest well at night, now. Trutona surely proved its worth in my case, and I'm glad to recommend it to others."

Trutona is sold in Rushville, at Hargrove and Mullins' Drug store. Adv.

NOBODY who knew, ever disputed the exceptional worth of the Hupmobile.

# THINKS AMERICA WILL NOT STAY DRY

Professor Tuffier, Leading French Scientists and Surgeon, to Report to Academy

RETURNS FROM VISIT HERE

Says United States May Admit Beer and Wine But Will Never Accept Whiskey Again

By HENRY WOOD  
(U. P. Staff Correspondent.)

Paris, July 31 (By Mail)—America will not long remain dry.

This is the information which Professor Tuffier has just returned scientist and surgeon will officially present to the French Academy of Medicine, probably the most distinguished medical body in the world.

Professor Tuer has just returned to Paris from a thorough investigation of the pathological and other effects upon America's thirsty sons of her present "dryness."

To the United Press Professor Tuffier has outlined his official report to the French Academy of Medicine as follows:

"I am convinced that the total prohibition of alcohol in the United States will not last long and that the next president—be he democrat or republican—will provide for modifications. It is probably that in the end the American people will adopt the regime of prohibiting entirely alcoholic liquors in the real sense of the word but will authorize the consumption of light alcoholic drinks such as wine and beer. A law simply defining the degree of alcohol above which the sale of such drinks is prohibited will be necessary to settle the question.

"I expect to present this solution to the French Academy of Medicine for adoption in France. It would leave intact all of the generous and inoffensive richness contained in good French wines and it would be the ideal, solution both for France and America.

"The experiment which has been made with total prohibition in America during the past six months is very interesting. First of all, the number of street accidents such as falls, collisions of vehicles and street car crushings has greatly diminished. The same is true of labor accidents, because the workman is much more precise when he has not drank alcohol. Finally the American hospitals that specialize on temporary mental aberration and insanity

have seen their clientele diminish in an impressing manner. This is because delirium tremens was one of the principal sources and causes of insanity.

"However, one curious result is that the statistics on criminality

during the same six months have not shown a corresponding decrease. This is probably due to the fact that alcoholic criminals have been intoxicated for years past and that a long period of time is necessary to disintoxicate them completely.

"In any event I am persuaded that prohibition in the United States will be suppressed as regards wines and beer but maintained as regards the stronger alcoholic drinks. The women who vote now in America will never permit the return of the strong-

er alcoholic drinks. The results that have already been secured during this unique period of a year on a population of 120,000,000 people are so striking that it would never be possible now to take a really backward step."

# Exide BATTERIES

Save Your Muscle—Light Your Path

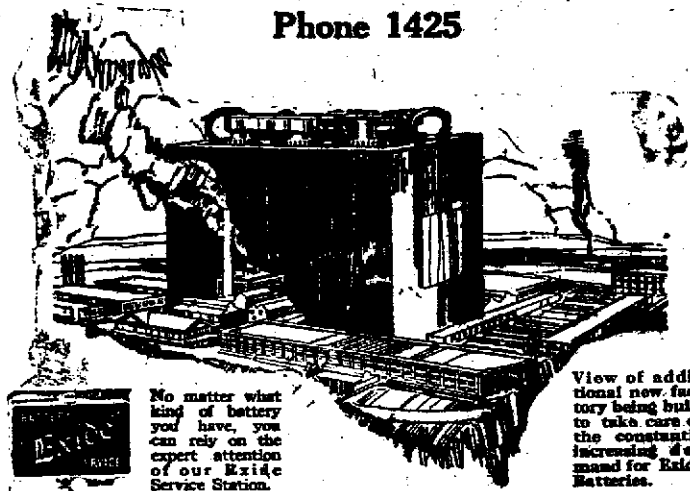

You rely on your automobile battery to save your strength and give current for your lights. But there are others who depend still more on the reliability of a battery.

Exide Batteries are used in 80% of American submarines, in 95% of Central Stations in large cities, by the Bell Telephone system and in a score of other activities.

You have a right to expect more from the Exide in the way of long life and care-free service.

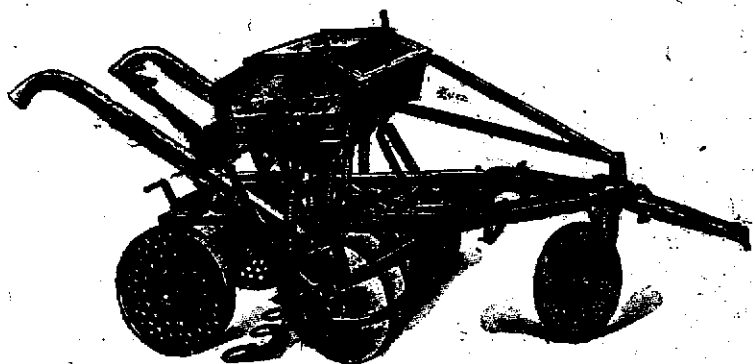

BUSSARD GARAGE

Phone 1425

No matter what kind of battery you have, you can rely on the expert attention of our Exide Service Station.

View of additional new factory being built to take care of the constantly increasing demand for Exide Batteries.

Dowagiac Steerable One-horse Disc.

Light Running, Self Guiding and General Ease in Handling.

The feeds are chain driven from the axle of the two rear-wheels which have ratchet hubs—making both wheels drivers.

They are steerable without lifting by the operator. Pressure on one of the handles or the operator shifting his position when riding on the box immediately changes the course of that side. They are adjustable both as to width of rows and as to depth of sowing.

Built to Last Forever.

C. H. (Nick) Tompkins

## VALUE OF CULLING AGAIN DEMONSTRATED

Farmers Who Have Not Taken Advantage of Lessons Taught May Still Attend This Week

THREE YET TO BE GIVEN

The value of poultry culling is being recognized by the farmers of this county, as results from recent demonstrations held under the supervision of the county agent, D. D. Ball reveal many interesting facts, and all who have not had an opportunity of attending one of these demonstrations can yet avail themselves, by attending the three that remain this week.

Yesterday a demonstration was held on the Will Reeves farm in Ripley township, when 30 farmers attended. Forty-six hens were up for inspection, and 25 were culled from the flock. At the farm of George Hines in the same community, 75 people attended and 65 hens were tested, in which 18 were culled from the flock. Twenty-six persons attending the meetings signified their intentions of using the culling methods, which represents 2020 culls.

Interesting data has been obtained from the demonstration held on the Lowell Norris farm on Aug. 6. Here 82 hens were in the flock and 23 culled. Prior to the culling the week before, 108 eggs were obtained, and the week following the culling with 59 hens left in the flock, 112 eggs were obtained, or more eggs without the larger number of hens.

Demonstrations will end this week with afternoon meetings at the home of Alma Hurst in Walker township; Thursday at the Claude Sears farm near Mays, and Friday at the George Hardesty farm, in Orange township. All meetings will begin at two o'clock.

PREMIER DEFIES LABORITES

London, Aug. 17—Laborers' "council of action" formed to dictate to the government as to its handling of the Russian situation was challenged Monday by Premier Lloyd George in the house of commons. He declared the government's Polish policy was unchanged and that any attempt by the "council of action" to strike at the roots of the democratic principles of the government would be resisted by every means he had at his disposal. The laborites threatened to call a general strike if the government made war on the Bolshevik.

## THE 30c STONE FOR THE HORN AND SHIP

A wonderful preparation for turning promiscuous, very cheap, to its original condition. It is a powerful, efficient, and safe remedy for all cases of indigestion, constipation, and other ailments of the digestive system. It is sold in 12c and 25c bottles. Price 12c per bottle. Sold by all druggists.

## SACKS FOR SHIPPING WOOL CLIP ARE HERE

Farmers are Urged to Call at County Agent's Office For Them and Prepare for Storage

WILL SHIP 25,000 POUNDS

The sacks ordered by the wool committee of the Rush County Farmers' association have been received and are now at the county agent's office in the court house, ready for distribution among the farmers who ordered the sacks. The shipment included 110 sacks, which will hold about a ton of wool. Most of the farmers were supplied with sacks, and only a few ordered them.

It is expected that the county's wool clip will be ready for shipment within a week or so, and all farmers who ordered the sacks should call at once and secure the number asked for. More recent information shows that there will be a total of 25,000 pounds shipped to the warehouse in Chicago for storage, it being an agreement among the wool growers of this county to hold the wool in a pool, until the price became normal. The county wool committee stated that the 25,000 pounds represented 90 percent of the wool clip in Rush county, and that it will fill two box cars, when shipment is made.

INITIATORY DEGREE

Franklin Lodge No. 35 I. O. O. F. will have the initiatory degree Wednesday evening at eight o'clock. Refreshments will be served. A good attendance is desired.

**SATISFACTORY SERVICE IS ALWAYS DELIVERED BY THE HUPMOBILE.**

Roswell, New Mexico, Aug. 13, 1920.

Friend Joe, Eddie and the Rest:—

Bethel Ruhlman and Mr. and Mrs. Elmer Griffith got in this (Friday) A. m. at ten. They report some trip and I guess it must have been a fright, some very severe rain storms having delayed them. They have been out 10½ days, but only 8½ days actual driving time. Total mileage 1621; 93 gallons of gas, or an average of 17½ miles to the gallon, and 2 gallons and 3 pints of oil. Total traveling weight of car, including the three passengers, 3565. In some places they made 13 miles in two hours, traveling through mud, and lots of time water over the running board, and a part of the time Bethel wading ahead, up to his knees, to see if the road was solid. You ought to see the car. The way the mud is caked on that car is something awful. They never had one minute's trouble with the car. It never failed them once and they came through on the same air that they left Rushville with, never even replenishing it. That's some tire record as well as Hup record.

tions are taking precaution against any possible shortage and are having additional blanks printed. These are being distributed to the county organizations. The general plan will be to place the blanks in the hands of precinct workers who will see that they are filled and presented to the registration places on the days they are in session.

One of the chief objections to the 1911 registration law was the limited time given to voters to register. Many voters take little interest in the registration even though it is not possible to vote without registering. It would follow, therefore, that many voters would be barred from the polls on election day if the method of registering was not made more liberal.

DO YOU KNOW THAT RUSH COUNTY HAS WITHIN HER BORDERS ONE OF THE GREATEST COUNTRY CHURCHES IN AMERICA? THAT FOR NINETY YEARS THIS GREAT CHURCH HAS BEEN TRAINING MEN AND WOMEN IN THE ETHICS of Christian Citizenship, making a contribution to our County and Nation of inestimable value? That while statistics indicate the passing of the strictly Rural Church, this Congregation is stronger today than at any time during the many decades of her history? That during the last twelve months a New and Modern Temple of Worship costing with furnishings near Thirty-Five Thousand Dollars has been erected? That this building will be dedicated to the "Worship of Almighty God" on next Lord's Day, August 22, with imposing ceremonies? THE LITTLE FLAT ROCK CHRISTIAN CHURCH INVITES THE GOOD PEOPLE OF RUSH COUNTY TO WITNESS THE DEDICATORY RITES. THE GREAT SERVICE WILL BE AT TEN THIRTY SUNDAY MORNING.

## Comparing Votes

Governor James M. Cox, democratic nominee for president, has been credited with being very popular in Ohio by reason of the fact that he has held office so much, but a comparison of votes, showing the way he has run as compared with Senator Harding's record as a candidate, removes from the mythology from

the table which has been repeated so many times.

Some campaign hars have even gone so far as to circulate the story that Cox has defeated Harding can do it again and some folks have been deluded by it. As a matter of fact, Cox never did defeat Harding. An additional fact is that the only time Cox and Harding ran on the same ticket—in the election of 1914—though they were candidates for different offices—Cox for re-election as governor, and Harding for United States Senator, Harding was elected by a plurality of 102,373, and Cox was defeated by a plurality of 29,270.

Another interesting fact is that Mr. Cox, has never been elected to office in Ohio, or elsewhere for that matter, on purely national issues; and still another is that he has never been elected in a straightway campaign. In each instance that Mr. Cox has won, it has been in an election where there has been a third ticket in the field or a split party, which eased his way into office. And finally, almost invariably, even when elected, he has run behind the rest of his ticket.

These are not mere assertions. There are at hand the official election figures of Ohio, in proof, taken from the office of the Secretary of State. The records cover four campaigns. Let us take them up in order. Here is the campaign of 1912, in

## MICKIE SAYS

"Gee, we like to see  
ADS AND ARE GLAD TO GET THEM  
BETWEEN THE CHAIRS. I  
ONCE IN A WHILE AND I'LL  
AD RIGHT ALONG. GIMME THE CHAD  
WINGS ON THE JOB WEEK IN AN

WHO'S GONNA CARRY THE BAG  
OVER STUFFED FOOTLOCK.  
BEST LURE THAT LIL RACE-TUN  
TH' RABBIT IN THE MAZURKE  
PULLED OFF!"

which year Mr. Cox was first elected to the governorship. He owed his election that year to the breach in the republican party, due to the organization of the progressives. There were three gubernatorial candidates in the field that year, and here are the results:

Cox, 439,323; Brown, Republican; 272,500; Garford, Progressive, 217,903.

Cox was elected by a plurality of 166,823, but the combined Progressive and Republican vote totaled 490,403, so that Cox became a minority governor by a margin of 51,080 votes.

Then came the election of 1914, when Cox was defeated, this time despite the fact that there were three candidates in the field. The results:

Frank B. Willis, Republican, was elected by a plurality over Cox of 29,270. Garfield, the Progressive, polled 60,904, and the combined Republican and Progressive vote will show how far behind Cox would have been in a straightway fight, Willis polling 523,074 votes, Cox 493,804, and Garfield 60,904.

Next, the campaign of 1916. Wilson pulled Cox through that year in the gubernatorial fight, on the slogan "He Kept Us Out of War". Cox pulled 568,218 votes and Willis 561,602, Cox being elected by a plurality of 6,616, and his plurality ran \$2,792 behind the head of his ticket.

Finally we come to the campaign of 1918, Mr. Cox's last appearance before the people of Ohio.

In this election his plurality was 11,944. But for the defection of a block of Republican voters in Hamilton County (Cincinnati), naturally a Republican stronghold, by about 25,000, Willis, the Republican, would have defeated him. A purely local issue in Hamilton was responsible for the overturn, it is asserted.

Candidate Cox has been referring in his speeches to the fact that the war cost the United States more than a million dollars an hour for two years when that is the very thing he should soft-pedal.

John J. McGraw is credited with a statement that he bought four bottles of whiskey at the Lambs club in New York, indicating that some wolves have slipped into the club in disguise.

Villa said that he was in a mood to "embrace his worst enemies", but this remark probably came after he had had several swigs of cognac.

Gov. Cox has nothing on Senator Harding for the senator's chauffeur was arrested in Rushville for speeding not many years back.

Some fellows who think they are buying "white mule" may be fooled when they find they have a "white elephant" on their hands.

It is hoped farmers' wives will not underestimate the size of the crowd September 17 and not have plenty of fried chicken.

Digest of New Laws Passed  
By Special State Legislature

8. Township Road Law.—By inference, the county unit law of 1919 repealed certain provisions of the township road law of 1913 and in order to clear up any ambiguity, an act was passed re-enacting all sections of the township road law which expressly rests the repair of roads in the township trustee.

9. Inter-Urban Railroads, Freight.—In addition to their other powers and duties, interurban railroads are authorized to haul freight over their tracks including those located in cities.

10. High-schools, State Aid.—Acts of 1919 relative to state aid for schools out of the school deficiency fund was so amended as to authorize state aid for not to exceed two high schools in any one township with the approval of the state superintendent of public instruction.

## TO DISCONTINUE MAGAZINE

Washington, August 17—The "famine price of white paper" has forced the American Red Cross to discontinue publication of the Red Cross magazine, an announcement yesterday said. "Further publication would involve either considerable increase in the subscription price or a subsidy from the general funds of the society, which deems either course inexpedient." The October number will be the last issued.

EXPENDITURES AND TAX LEVIES  
FOR THE YEAR 1921

The Trustee of Jackson Township, Rush County, proposes for the yearly expenditures and tax levies by the Advisory Board at its annual meeting to be held at the court house on the 14th day of September, 1920, commencing at one o'clock p. m. the following estimates and amounts for said year:

Township expenditures, \$1200 and township tax 4 cents on the hundred dollars.

Local Tuition expenditures, \$3,000 and tax 10 cents on the hundred dollars, and 25 cents on each poll.

Special School Tax expenditures, \$15,000 and tax 50 cents on the hundred dollars and 150 cents on each poll.

Road tax expenditures, \$5,000 and tax 15 cents on the hundred dollars.

Additional Road Tax expenditures, \$500 and tax 1 cent on the hundred dollars.

Total expenditures, \$25,000 and total tax 80 cents on the hundred dollars.

Real estate, land and improvements, taxation of personal property, \$10,000.

Amount of credit on account of mortgage exemption, \$10,000.

Amount of credit on account of township

Pale Children  
Need IronGrove's  
Iron Tonic  
Syrup

is an Exceptionally Good, General Strengthening Tonic for the Child, the Mother or any of the family young or old. The Syrup is flavored and Children love to take it.

When you see how it improves the appetite, brings color to the cheeks and increases vitality and energy, you will then realize its true tonic value. You can soon feel Strengthening, Invigorating Effect. It is acceptable to the most delicate stomach and is very pleasant to take. More easily digested and assimilated than Iron Pills or Iron Tablets.

Ask for "Grove's Iron Tonic Syrup." Look for the signature of E. W. Grove on the package. Price 60c.

## Do They Look Sick?

With several County Fairs in progress and the Chautauqua over, your best garments may look a bit shabby, mused and soiled. If it wasn't for an establishment like this, your clothes would depreciate 100 per cent from hard usage of this sort. Send them to us, and let us make them like new. Our process adds life and wear to any garment, and can scarcely be told from new.

A TRIAL WILL CONVINCE

## Soiled Again! By Those Auto Cushions

"Unseen spots of oil and grime upon the auto seat. And a stained and spotted frock! It's the same old story of uncov-ered auto cushions—cushions with dirt and soil embedded in the creases and crannies—dirt that cannot be washed off or dusted out.

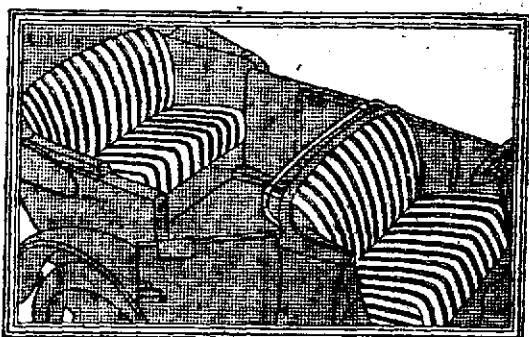

### Gordon Jiffy Cushion Slips \$3.40 to \$8.15 Per Seat

Gordon Jiffy Cushion Slips, for open and enclosed cars, cover the cushions you sit on and lean against—and put an end to the trouble and annoyance of dirty auto cushions.

They are removable. They are washable. They button-hole on like any simple garment. Made of durable pre-shrunk tub materials, you can put them right in with the family wash—or send them to the laundry.

Stock sizes ready to go on your car without fussing or fitting. No bother. No worry for you.

Many attractive light and dark patterns for either open or enclosed cars.

### Square Deal Vulcanizing Shop

## RUSHVILLE ALMOST PREPARED TODAY

L. E. Brown, Who Has Been Hold-  
ing Down the Job, Leaves For  
St. Elmo, Illinois

### OTHERS ARE ON VACATION

Rushville is almost preacherless today and will remain so the remainder of the week, every Protestant minister being out of the city. The Rev. L. E. Brown pastor of the Main Street Christian church, has been holding down the job alone here for ten days and today he left with Mrs. Brown and his daughter, Miss Edith Brown, for a few days stay at St. Elmo, Illinois. He had to turn down an offer to deliver two chautauqua lectures in the northern part of Indiana this week because he had already made arrangements for the trip. Mrs. Emma Miller of the United Brethren church is here.

In case of a death in any of the Protestant congregations of the city an outside minister may have to be called in. Prospective brides and bridegrooms will not be in such dire straits because they can utilize the services of the justice of the peace without any inconvenience.

The Rev. J. T. Aiken, pastor of the First United Presbyterian church, is visiting relatives near Pittsburg and the Rev. C. S. Black of the St. Paul's M. E. church, together with his family, are spending their summer vacation at Meyers-town, Pennsylvania. The Rev. G. H. Sheldon, pastor of the First Presbyterian church, and his wife, are visiting relatives in Michigan. The vacancy in the pastorate at the First Baptist church has never been filled.

## COMPLETE LONG AUTO TRIP TO ROSWELL, N. M.

Mr. and Mrs. Elmer Griffith Reach  
Destination After Covering 1,621  
Miles in Car

### ENCOUNTER SOME DIFFICULTY

Mr. and Mrs. Elmer Griffith of this city arrived at Roswell, New Mexico at ten o'clock last Friday morning, having driven all the way from Rushville in a machine, according to word received here today. They were on the road ten and a half days, but their actual driving time was only eight and a half days. They covered a distance of 1,621 miles at an average of 17 1/2 miles to the gallon of gasoline, and used two gallons and three pints of oil.

The traveling weight of the car, including three passengers, was 3,565 pounds. The machine was driven by Bethel Ruhlman of this city, who will return by rail, but Mr. and Mrs. Griffith will remain at Roswell for an extended visit with Mr. and Mrs. W. T. Simpson, formerly of this city and Mr. and Mrs. Claude Simpson.

When the Rushville tourists arrived in Roswell, they carried the same air in their tires as when they left the home port. They were delayed considerably with severe rain storms and part of the time traveled through mud and water over the running board. A few times the driver had to walk on ahead in the mud up to his knees to see if the road were solid.

## VETERAN OF WAR EXPIRES

Walter McDaniel, Who Contracted  
Tuberculosis, is Dead

Funeral services for Walter McDaniel, age twenty-seven years, a hero of the World War, were held Sunday at the home of his parents, Mr. and Mrs. William McDaniel, south of Charlottesville. He contracted tuberculosis during the war and died last Friday.

He was wounded in fighting overseas, losing one leg as a result, and on his return spent much time in government hospitals, being in the Walter Reed Hospital at Washington for nine months. During the war Mr. McDaniel was a member of Company M, 112th Infantry, and fought in the battles of Chateau Thierry, Belleau Wood and Hill 104, being hit by shrapnel at the latter place. In addition to his parents, two sisters and two brothers survive.

### CITY FIREMAN NAMED

Glen Downey has accepted position as a member of the fire department.

## NEW OFFICERS ARE HEARTILY WELCOMED

Capt. C. Marks and Lieut. G. Lawton Receive Encouragement on  
Entering Work Here

### EIGHT RECRUITS FOR WEEK

Large crowds have been attending the meetings welcoming the new Salvation Army officers at the church during the past week.

A fine crowd of soldiers and friends gathered in the church Thursday evening to welcome Captain C. Marks and Lieutenant G. Lawton who have taken over the reins to direct the splendid work left by their predecessors, Captain and Mrs. J. A. Tench.

Saturday night one of the largest crowds in the army's history here gathered around the open air ring and drank in the Gospel message. In spite of the rain Sunday, a good congregation attended each of the three services held. The presence of Ensign and Mrs. Conway from Lafayette as well as a song by the Girls Guards added special interest to the evening service.

Eight is the total number of souls that have sought Christ during the week, the officers announced.

## OBTAIN 27 CONVICTIONS

State Fish and Game Wardens Catch  
Many Violators in July

State Wardens A. M. Gallion, George Wyatt and W. E. Garfbrandt, working under the division of fish and game of the state department of conservation, succeeded in obtaining 27 convictions of persons using seines and nets for illegally taking fish, or for having same in their possession during July, according to announcement by George N. Mansfield, division chief. The wardens all during July patrolled the Wabash river between Lafayette and Terre Haute.

Seventy-five illegal traps and nets were confiscated and destroyed and splendid progress made toward breaking up a notorious gang of fish pirates, Mr. Mansfield says.

## YOUTH CRAFT FACE LOTION

### DEAR PETE:

Just blew into Pittsburgh to close that N and P purchase. While I was waiting for the contract to be signed who am I to the E. M. office but President Holt! Asked me if I had a cigarette. Slipped him my "Camel Garage." Remember, he hit the "straight" boys when I was last year!

Pete, you ought to hear Mr. Holt talk Camels! Gee, I thought I was some Camel smoker. But he went right to the meat with the subject. Say, if I could have shorthanded that line of super-stuff I'd have the job writing Camel ads by noon today!

"Reynolds ought to get a dollar for every Camel cigarette," Mr. Holt declared. "Why, my boy, Camels are simply wonderful," he added. "Don't ever let anybody talk about mild cigarettes compared with Camels! I know! (Get that, Pete). I've proved it to a hundred smokers that Camels are the mellowest and most refreshing cigarette in the world," etc., etc.

Pete, Camels won Mr. Holt like they won me—on their quality! After hearing him cut loose, I felt like saying: "You tell it, old parcel post, I can't express it!"

Pete, I'm hatching an idea about Camels. I'll spill it your direction next time I write! It's what York State folks call a "pip-ing!" And it's ripe!

Yours till the next fire-up.

Shorty.

## Save from \$50 to \$100 on Your Clothes

No need to tell you how new clothes are costing these days. One trip through the stores has no doubt already made your heart sick.

Hundreds of Men and Women are realizing they don't have to pay such prices. Everywhere it is becoming fashionable to "make-over" last year's things. Even America's millionaires are doing it—it's patriotic—it helps to pull prices down.

And the saving! Instead of paying \$65.00 to \$125.00, you SAVE that much—and you look just as new, just as stylish if you send them here for "re-juvenation."

## Movies and the Eyes

There is no evidence to prove that the "movies" are imperiling the sight of the nation. Careful investigation leads to the opposite conclusion.

Recent improvements and greater care in operating the projecting machines have almost entirely eliminated the mechanical defects, so you may be quite certain that when your eyes trouble you while viewing moving pictures, it is due, not to the pictures, but to defective eyes which call for optometry's aid.

The person with normal eyes will not suffer at picture shows unless visited to excess. At the very first indication of eye trouble call and let us make a careful, scientific examination of your eyes.

## WATSON IS PRAISED BY SEN. HARDING

Informs Mayor Jewett of Indianapolis That Indiana Must Elect The Republican Senator

### JEWETT PLEDGES SUPPORT

Says He Will See to it That Marion County Gives Plurality For James E. Watson

Indianapolis, Ind., Aug. 17.—"It is vitally important that Indiana elect a Republican to the United States Senate," declared Warren G. Harding to Mayor Jewett when the Indianapolis mayor met the presidential nominee in his home at Marion, Ohio.

"For team work in government the country should have a Republican Congress as well as a Republican President," continued Mr. Harding. "Indiana is fortunate in having in the Senate a man so well qualified by legislative experience and native ability as Jim Watson and his reelection should be cinched by rolling up the biggest possible plurality. Senator Watson and Senator New have co-operated in their work at Washington and no state has been more ably represented there. Watson is the candidate this year and I must earnestly hope that he be returned to the Senate. The Republicans, I feel certain, will increase their representation in the Senate and gain a clear working majority."

Mayor Jewett has already stripped off his coat, rolled up his sleeves and started to work for a big Jim Watson plurality in Marion County.

"Indiana will not fall down but will return a Republican Senator to Washington," declared Jewett. "A Republican President will step into the White House next March and when he does there must be a Republican Senate and a Republican House of representatives to make certain of co-operation between the legislative and executive branches of the government."

Mayor Jewett, like Senator Watson, voted for Wood on every ballot even including the tenth or nominating ballot, but a close-up acquaintance with Harding that came from their recent visit together at Harding's home has caused him to become a Harding enthusiast.

"Will Hays was right when he declared that Harding is a strong man with his eyes ahead but with his feet standing on solid ground," said Jewett.

Warren Harding and Warren McCray are mutual admirers and Mr. Harding was highly pleased when Mayor Jewett told him that "McCray will be elected Governor of Indiana by a plurality that will be tremendously big."

## PROSPECTS GOOD FOR LARGE PEACH YIELD

Trees in Johnson, Morgan and Brown Counties are Heavily Loaded, Says F. Wallace,

### ONLY A FAIR APPLE CROP

Indianapolis, Ind., Aug. 17.—The greater number of peach trees in Johnson, Morgan and Brown counties are heavily loaded and prospects are unusual for an abundant yield, according to Frank N. Wallace entomologist for the state conservation department. Mr. Wallace returned recently from a tour of inspection in this district.

"The fruit is cleaner and appears less affected by insect pests this year than in a number of years," Mr. Wallace says. "So far very little brown rot has shown up and only a small percent of the fruit is scarred," he says. He found prospects only fair for an apple crop and in even the best cared for orchards there is considerable scab.

Peach trees in this locality were hard hit by the severe cold and freeze in the winter of 1918, Mr. Wallace learned. In many instances he found the annual wood growth of 1917 killed and much of it now appears as diseased rings which are decaying.

Where wheat thrashing will be delayed many farmers in Brown and Morgan counties have stacked their wheat, following advice of the state entomologist given a short time ago, and thus will avoid probable loss to the grain from rain. Wheat yields are remarkable in this locality and several stands thrashed 40 and 42 bushels per acre.

The sun dial was the earliest time-piece.

# Are the Best Tires too good for the Small Car Owner

EVERYBODY agrees that it is generally desirable for merchandise to be graded.

A good principle that often comes out at the wrong end for the car owner—the man with the upkeep on his mind—the tire bills to pay.

He feels that tire economy should be a *personal contract with the tire-user*. Not a transaction with his car, whether it be big or small.

Reasoning tires in human terms instead of trade custom has written this policy for the United States Rubber Company—

Build all tires to one

standard and let the tire user choose his own size.

When the oldest and largest rubber manufacturing concern in the world focuses all its resources upon *one* grade, *one* quality, it makes *one* client—and that is the *whole public*.

This single ideal is visible in any U. S. Tire factory, at any U. S. distributing branch, in any U. S. dealer's store.

Seeing that the tire-user gets his *economy mileage* along with an *unlimited guarantee*.

Policies are harder to make than tires.

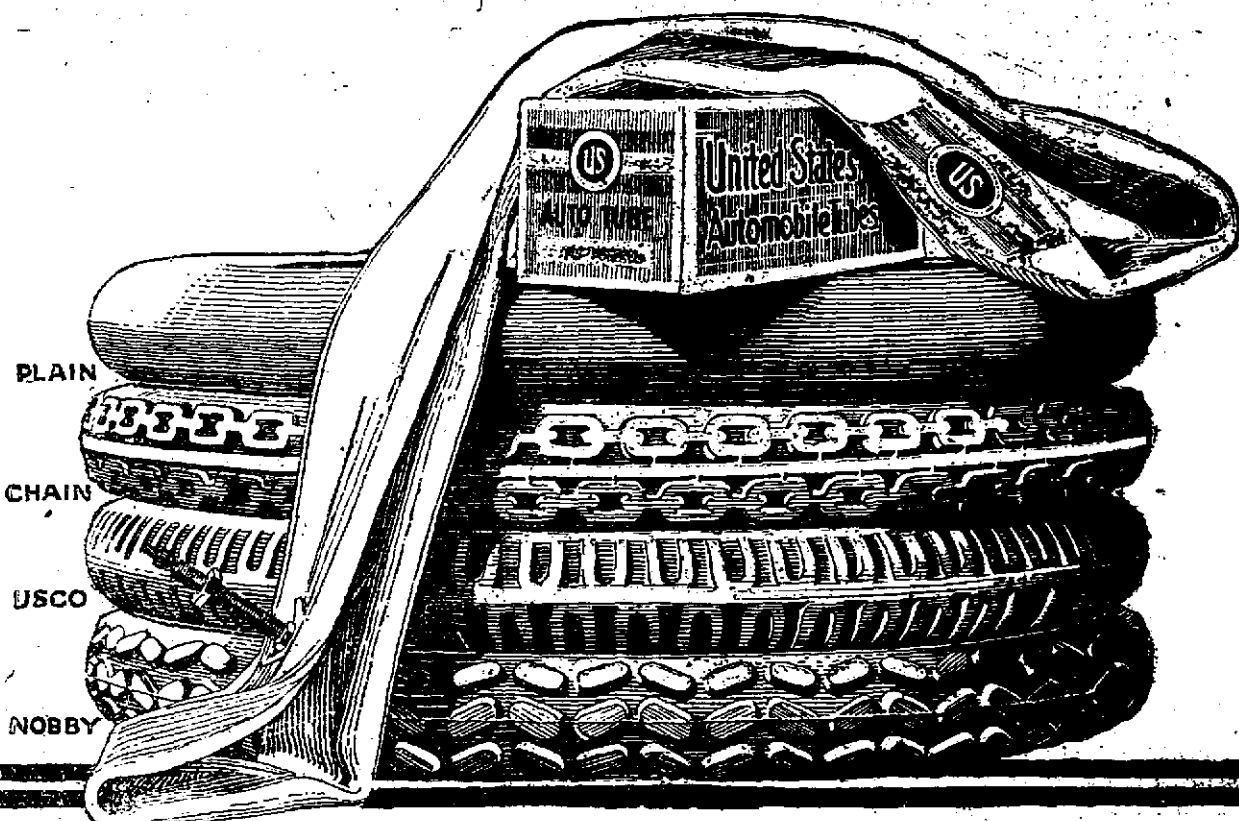

Probably the deepest reason why U. S. demand keeps always ahead of the number of tires the U. S. makers can supply.

## BOY MUSICIANS TOUR EAST ON VACATION

Kinston, N. C., August 17.—What is pronounced here as a unique vacation project has been undertaken by 28 members of the town's juvenile band. The boys will journey on a vacation and sightseeing trip to Washington, Baltimore, Philadelphia and New York, stopping at several cities enroute to give concerts, the proceeds of which will be used to defray traveling expenses.

Full camping equipment including tents and mess kits will be carried, for the boys will seek to bring down costs to the minimum. A colored

chef from this section will accompany the youthful bandmen.

The oldest member of the party, with the exception of the band leader and instructor, is 18 and the youngest 13. The uniforms are of blue piped with broad gold stripes. The drum major will wear a red and black fur busbee and carry a shiny baton.

## CORN CONDITION IN STATE IS GOOD

Co-operative Crop Reporting Service For Indiana Shows Official Report Today

### ONES SHOWS IMPROVEMENT

Average Yield of Winter Wheat is 12 Bu. Per Acre and is Lowest Since 1916

Corn and oats in Indiana show a decided improvement in condition over a month ago. For the former an increase of more than 8,000,000 bushels is shown and for the latter 7,600,000 bushels according to the official report of the co-operative crop reporting service for Indiana issued today. The report follows:

The condition of corn generally throughout the state is very good although some fields have tassled out on stalk not more than two feet high and cannot possibly make a crop of any kind. The average of the figures as reported by correspondents is 86 percent of normal and indicates a total production, at this time of 177,924,000 bushels as compared with 169,836,000 bushels shown for July 1, and 175,750,000 bushels last year. The weather has been excellent for the development of the stalk but not warm enough to start the ears. Some fields on sandy soils have begun to fire, but rains since the first of the month have helped them very materially. Cinch bugs are very plentiful in some localities. It will need a late fall to develop the crop in good condition.

The average yield of winter wheat is 12 bushels per acre and is the lowest since 1916, when it was 11.5 bushels. On this figure a total production of 20,464,000 bushels is indicated. No threshing had been done in some localities and it is possible that later rains will charge this amount. Last month's estimate was 20,664,000 bushels and last year's crop amounted to 45,792,000 bushels. Where the fields were the heaviest the quality was the best. For the whole state the quality is 84 percent or between No. 2 and No. 3 grade.

The spring wheat condition shows an increase of 5 points over the July 1 condition and is now reported at 70 percent of normal. This figure indicates a total production of 51,000 bushels compared with 45,000 bushels reported in July, and 228,000 bushels last year.

The average yield for rye is 14 bushels per acre and is slightly below the 5-year average. On this figure a total production of 3,788,000 bushels is indicated. On July 1 a crop of 5,058,000 bushels was indicated and last year's crop amounted to 5,320,000 bushels. Later reports may change the August forecast as many localities reported no threshing done at the time of reporting.

The oats crop shows a decided improvement over the July 1 report, being 91 percent of normal, compared with 82 percent last month. On these figures a total production of 69,471,000 bushels is indicated compared with 61,897,000 bushels last month and 60,225,000 bushels last year. Early sown oats filled well and are exceptionally heavy, but those sown late did not do so well. The crop varies greatly, even in the same neighborhoods.

The barley crop also shows some improvement over the July 1 report, being 86 percent of normal compared with 82 percent last month. On these figures a total production of 1,613,000 bushels is indicated. Last month the estimate was 1,504,000 bushels and last year it was 1,430,000 bushels. The crop this year was exceptionally good in all sections of the state except in the extreme northeast corner.

The buckwheat acreage remains the same as for last year, 14,000 acres. The condition July 1 was 48 percent of normal. From this figure a total production of 235,000 bushels is indicated compared with 231,000 bushels last year.

White potatoes show a decline of 6 points over the July 1 condition, being 80 percent of normal. This figure indicates a total production of 7,704,000 bushels compared with 8,400,000 bushels last year. Vine rot and wilt have attacked many patches, especially where the seed was not carefully selected.

Sweet potatoes also show a decline of 5 points during the month, being 86 percent of normal. This figure indicates a total production of 330,000 bushels compared with 335,000 bushels last year.

The condition of tobacco August 1 was 84 percent of normal and indicates a total production of 15,141,000 pounds, compared with 16,432,000 on July 1 and 15,213,000 last year. The crop needs rain badly in the barley district and some warm weather to stimulate growth.

All hay crops show a slight increase in condition over the July report, being 87 percent of normal. On these figures a total production of 2,900,000 tons is indicated compared with 2,832,000 last month and 3,080,000 last year. Timothy condition increased from 82 percent in July to 88 percent of normal on August 1. Clover hay has been harvested and the yield is 1.25 tons per acre, with the quality at 89 percent. Alfalfa shows an increase in condition from 89 percent July 1 to 92 percent of normal August 1. Millet shows an increase of 3 points during the month and is 84 percent of normal.

Kaffir, peas and beans remain about the same as last month. Truck crops show a slight decline, but hardly enough to be worth mentioning. Watermelons show no change, but the condition of cantaloupes increased 2 points. Apples and peaches show a decline of 4 points during the month, while pears and grapes each show an increase of 1 point. The condition figures for these crops, compared with normal, are as follows: Apples, 82 percent; peaches, 79 percent; pears, 73 percent; and grapes, 90 percent. The total production of apples is estimated at 5,420,000 bushels, peaches, 931,000 bushels and pears, 640,000 bushels.

Sugar beets and sorghum came near the same condition last month.

**POWER OVER FLOODS**  
Indianapolis, Ind., Aug. 17.—State power commissioners may retain the power to authorize bond issues to repurchase the surplus of this power to local taxing units, the General Electric Company announced Monday.

## That office boy was a good picker

IT WAS my busy day.

AND I told the boy,

I COULD not see

ANY VISITORS.

AND HE popped back

AND SAID there was

A GENTLEMAN outside

WHO WISHED to see me.

AND I said "No."

BUT I guess the boy

IS LIKE my wife

AND DOESN'T know

WHO'S BOSS.

FOR BACK he comes

AND SAYS the man

WANTS JUST a word.

AND I told the boy

I COULD tell the man

JUST WHERE to go.

IN JUST three words

BUT THE boy came back

AND SAID the man

COULD SPOT me one.

HIS BUSINESS needed

JUST TWO words.

AND I'M a sport.

AND CURIOUS too.

SO IN he came.

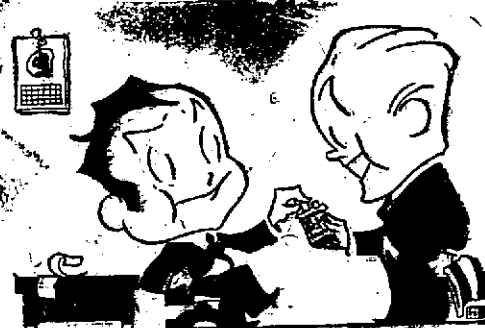

AND HANDED me

SOME CIGARETTES to try.

AND SAID "They Satisfy."

AND I will state

HE SAID something

"THEY SATISFY"—that says it. Never were finer tobaccos used in any cigarette and never were tobaccos more carefully and skillfully blended. Chesterfields give you all that any cigarette could give, plus a "satisfy" quality that is exclusively theirs. The blend can't be copied.

They Satisfy

## Thousands of Cases of Dyspepsia— BUT ONLY ONE PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPSINCO fail. But why not consider the recommendation of thousands of people who have used PEPSINCO, on the basis of their belief in it. Try it yourself; we are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPSINCO to-day.

Ask your druggist—he sells and recommends Pepsinco.

# MORE DEPRESS THAN JOBS FOUND

Office Workers and Clerical Men Feeling Pinch of Summer Depression According to Smith

## SHIRKERS BEING WEEDED OUT

Many Attend Convention of the National Association of Technical and Educational Agencies

(By United Press.)

Chicago, Ill., Aug. 17.—Office workers and clerical men are feeling the pinch of the summer depression in business, according to F. M. Smith, attending the convention of the National Association of Technical, Educational, and Commercial Employment Agencies which opened here today.

"White collar workers have not the grasp on their jobs they had six months ago; office managers are wielding the axe unsparringly, and shirkers and incompetents especially are being weeded out," he declared. "In times of depression the banks sense the emergency first and act by cutting down on credit to business concerns. In the mercantile world there follow special sales and bargain offers, efforts to obtain quick money. Supplementing this comes a campaign for the reduction of operating expenses, and blue envelopes to white collar men become common. Such a condition exists at present."

David Hallinan, secretary of the Illinois Employment Agency association, stated that the return of large numbers of clerical workers from Washington, D. C., to their former localities has resulted in an oversupply of applicants for positions.

"Furthermore," he declared, "salaries for office jobs are on the decline, especially where applicants are assured that the positions are permanent."

Sixty delegates, representing employment agencies from all parts of the United States convened here today at the LaSalle Hotel in their third annual convention. Jas. F. Ellis of Minneapolis presiding. Industrial situations affecting employment throughout the country were discussed, ways conducive to the upbuilding of legitimate employment agencies were advocated by speakers. A plan for combatting legal measures adverse to the business was adopted. It was declared that government supervision over the activities of employment agencies had resulted in doing away largely with employment "sharks."

The convention will be in session daily throughout the week.

## WANTED

Students, age 18 or over, with Eighth grade education or better for Power Laundry Course. A cooperative system of education; the student earns while he learns. Fitted after two years training for a job at a fair salary in profitable and established trade with excellent opportunity for rapid advancement. First-class living conditions while training with a wage that is partly self-supporting. Address Ohio Mechanics Institute, Cincinnati, Ohio.

## LOOK FOR SALE

People with cars can get Alberta peaches and all other kinds for canning by coming to my orchard 10 miles west of Columbus, one half mile west of Mt. Liberty. 1324f WOOD the Peach King.

## CARD OF THANKS

We desire to thank our friends, neighbors and citizens of Rushville for the kindness shown us during the sickness and death of our dear husband and father, Harman Kennedy, this kindness will never be forgotten by us. 1324f WIFE & CHILDREN

## Mobile Co., Alabama

Down where one is not troubled with catarrh, colds or rheumatism. The climate is simply ideal. No sudden changes. Good location for a dairy or stock farm. Crops grown are corn, cane, Irish and sweet potatoes, eggs, etc. I have 1,386 acres improved and unimproved farms of 40 acres up within 15 miles of Mobile that I will sell on reasonable terms.

FOR SALE—Some young white rabbits. Nice for children's pets. 1002 N. Main St. Phone 1717.

Long Bell

THE MARK OF QUALITY GARDENS

## Garden Beauty Most Anyone Can Afford

Look about as you walk or drive through a residential district and note the attractive places. It isn't the "finest" homes by any means that catch your eye. More often it is the well kept yard, the shrubbery, the trimmed trees and flower beds.

And then when you see in combination with these, a neat fence, an arbor, a pergola and a bird house—you exclaim: "What a picture."

The wonder of it is that more folks don't have these handy little garden features. There's nothing cooler and better looking. And the cost? You'll be surprised how reasonable it is.

We'll take just as much interest in supplying you with the lumber for these little improvements as if you were buying materials for a house. We can make some interesting suggestions.

## CAPITOL LUMBER CO.

TELEPHONE 2127

## PUBLIC SALE

I will sell at Public Auction at Homer on

FRIDAY, AUG. 20

at 10 o'clock, the following personal property:

## 5 Head of Horses 5

# Hopes Every One Will Take Advice And Try Trutona

Evansville Woman Says Others Should Use Perfect Tonic as it Will Help Them

Evansville, Ind., Aug. 16—"I hope every one who is in need of a good tonic, will hear about Trutona, and try it," Mrs. Paul Vittelow, a well-known Evansville woman, who lives at 620 Walnut Street, told a Trutona Representative recently.

"Trutona has made me feel like a new woman," Mrs. Vittelow continued, "after I'd been in a nervous and run-down condition for the past several months. I've been so nervous and felt so druggish, and tired out, that I've not felt like attending to my household duties. I was very restless at night".

"But I feel 100 percent better in every way, since I've taken Trutona. This wonderful medicine has improved me remarkably, in the past ten days. I did my own washing, and a big one, too, last week, and yet I didn't feel 'all in', as I would have before I took Trutona. My former nervousness has vanished entirely, and I'm able to rest well at night, now. Trutona surely proved its worth in my case, and I'm glad to recommend it to others".

Trutona is sold in Rushville, at Hargrove and Mullins' Drug store. Adv.

# THINKS AMERICA WILL NOT STAY DRY

Professor Tuffier, Leading French Scientists and Surgeon, to Report to Academy

## RETURNS FROM VISIT HERE

Says United States May Admit Beer and Wine But Will Never Accept Whiskey Again

By HENRY WOOD  
(U. P. Staff Correspondent.)

Paris, July 31 (By Mail)—America will not long remain dry.

This is the information which Professor Tuffier has just returned scientist and surgeon will officially present to the French Academy of Medicine, probably the most distinguished medical body in the world.

Professor Tuer has just returned to Paris from a thorough investigation of the pathological and other effects upon America's thirsty sons of her present "dryness".

To the United Press Professor Tuffier has outlined his official report to the French Academy of Medicine as follows:

"I am convinced that the total prohibition of alcohol in the United States will not last long and that the next president—be he democrat or republican—will provide for modifications. It is probably that in the end the American people will adopt the regime of prohibiting entirely alcoholic liquors in the real sense of the word but will authorize the consumption of light alcoholic drinks such as wine and beer. A law simply defining the degree of alcohol above which the sale of such drinks is prohibited will be necessary to settle the question.

"I expect to present this solution to the French Academy of Medicine for adoption in France. It would leave intact all of the generous and inoffensive richness contained in good French wines and it would be the ideal, solution both for France and America.

"The experiment which has been made with total prohibition in America during the past six months is very interesting. First of all, the number of street accidents such as falls, collisions of vehicles and street car crushings has greatly diminished. The same is true of labor accidents, because the workman is much more precise when he has not drunk alcohol. Finally the American hospitals that specialize on temporary mental aberration and insanity

have seen their clientele diminish in an impressing manner. This is because delirium tremens was one of the principal sources and causes of insanity.

"However, one curious result is that the statistics on criminality

during the same six months have not shown a corresponding decrease. This is probably due to the fact that alcoholic criminals have been intoxicated for years past and that a long period of time is necessary to disintoxicate them completely.

"In any event I am persuaded that prohibition in the United States will be suppressed as regards wines and beer but maintained as regards the stronger alcoholic drinks. The women who vote now in America will never permit the return of the strong-

er alcoholic drinks. The results that have already been secured during this unique period of a year on a population of 120,000,000 people are so striking that it would never be possible now to take a really backward step".

NOBODY who knew, ever disputed the exceptional worth of the Hupmobile.
